In the opinion of Kutak Rock LLP, Bond Counsel, under existing laws, regulations, rulings and judicial decisions and assuming the accuracy of certain representations and continuing compliance with certain covenants, interest on the Bonds is excludable from gross income for federal income tax purposes and is not a specific preference item for purposes of the federal alternative minimum tax. Interest on the Bonds is included in gross income for federal income tax purposes. Bond Counsel is also of the opinion that interest on the Bonds is exempt from State of California personal income taxes. The Bonds have been designated as “qualified tax-exempt obligations” for purposes of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended. For a more complete description of such opinions of Bond Counsel, see “CONCLUDING INFORMATION—Tax Matters” herein.

Hidden Valley Lake Community Services District
Sewer System Reassessment District No. 1
Limited Obligation Refunding Improvement Bonds
Series 2016

Dated: Date of Delivery

The Hidden Valley Lake Community Services District Sewer System Reassessment District No. 1, Limited Obligation Refunding Improvement Bonds, Series 2016 (the “Bonds”) are limited obligations of the Hidden Valley Lake Community Services District, Hidden Valley Lake, California (the “District”) secured by special reassessments to be levied on real property located within the District’s Sewer System Reassessment District No. 1 (the “Reassessment District”).

The Bonds are issued pursuant to provisions of the Refunding Act of 1984 for bonds issued pursuant to the Improvement Bond Act of 1915 and a Fiscal Agent Agreement, dated as of March 1, 2016 (the “Fiscal Agent Agreement”), by and between the District and U.S. Bank National Association, as Fiscal Agent (the “Fiscal Agent”). Proceeds from the sale of the Bonds will be used to (a) redeem the Hidden Valley Lake Community Services District Sewer System Assessment District No. 1 Limited Obligation Improvement Bonds, Series 1995-2 currently outstanding in the aggregate principal amount of $3,309,571.56, (b) fund a Reserve Fund, and (c) pay the costs of issuing the Bonds.

The Bonds are being issued in fully registered book-entry only form, initially registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”) in denominations of $100,000 and integral multiples of $1,000 in excess thereof. Interest on the Bonds is payable semiannually on March 2 and September 2 of each year, commencing September 2, 2016. Purchasers will not receive certificates representing their interest in the Bonds. Payments of principal and interest on the Bonds will be paid by the Fiscal Agent directly to DTC as registered owner of the Bonds. Upon receipt of payments of principal and interest, DTC is to remit such principal and interest to DTC Participants (as defined herein) for subsequent disbursement to the beneficial owners of the Bonds.

The Bonds are subject to redemption prior to maturity as described under “THE BONDS—Redemption of Bonds.”

Under the provisions of the Refunding Act of 1984 for bonds issued pursuant to the Improvement Bond Act of 1915, installments of principal and interest sufficient to meet annual Bond debt service will be billed by the County of Lake (the “County”) to owners of property within the District against which there are unpaid reassessments. Upon receipt by the District from the County, these annual installments are to be paid into the Redemption Fund to be held by the Fiscal Agent and used to pay debt service on the Bonds as it becomes due.

Unpaid reassessments constitute fixed liens on the lots and parcels assessed within the District and do not constitute a personal indebtedness of the respective owners of such lots and parcels. Accordingly, in the event of delinquency, proceedings may be had only against the real property securing the delinquent reassessment. Thus, the value of land within the District is a critical factor in determining the investment quality of the Bonds. See “THE DISTRICT—Assessed Value-to-Lien Ratio.”

The Fiscal Agent will establish a Reserve Fund and deposit Bond proceeds in the amount of the Reserve Requirement to provide funds for payment of principal and interest on the Bonds in the event of any delinquent reassessment installments. The District’s obligation to advance funds to the Redemption Fund as a result of delinquent reassessment installments is limited to the balance in the Reserve Fund. The District has covenanted to initiate judicial foreclosure in the event of a delinquency. See “SECURITY FOR THE BONDS—Covenant to Commence Superior Court Foreclosure.”

Neither the faith and credit nor the taxing power of the District, the County of Lake, the State of California or any political subdivision thereof is pledged to the payment of the Bonds, and the payment thereof is not secured by any encumbrance, mortgage or other pledge of property of the District except the pledge of the reassessments and moneys on deposit in the Redemption Fund and Reserve Fund. The District has covenanted to initiate judicial foreclosure in the event of delinquencies in the payment of reassessments.

Investment in the Bonds involves risks which are not appropriate for certain investors. Therefore, only persons with substantial financial resources (in net worth and/or income) who understand (either alone or with competent investment advice) the risks of investment in the Bonds should consider such investment. Any person offering or selling the Bonds may request or demand oral and/or written representations from prospective investors in order to establish a reasonable belief that the investor meets appropriate standards of suitability or may make or cause to be made further inquiry and obtain additional information as to such matters. Offers to purchase Bonds may be rejected at the discretion of those offering or selling the Bonds.

The issuance and sale of the Bonds have not been registered under the Securities Act of 1933 or the Securities Exchange Act of 1934, both as amended, in reliance upon exemptions provided thereunder. This Limited Offering Memorandum does not constitute an offer to sell or a solicitation of an offer to buy in any state in which such offer or solicitation is not authorized or in which the person making such offer or solicitation is not qualified to do so or to any person to whom it is unlawful to make such offer or solicitation.

No dealer, broker, salesperson or other person has been authorized by the District to provide any information or to make any representations other than as contained in this Limited Offering Memorandum and, if given or made, such other information or representation must not be relied upon as having been authorized by the District. This Limited Offering Memorandum does not constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the Bonds by a person in any jurisdiction in which it is unlawful for such person to make such offer, solicitation or sale.

This Limited Offering Memorandum is not to be construed as a contract with the purchasers of Bonds. The information and expressions of opinion in this Limited Offering Memorandum are subject to change without notice, and neither delivery of this Limited Offering Memorandum nor any sale of the Bonds shall, under any circumstances, create any implication that there has been no change in the affairs of the District or of the owners sources of property within the District or any matters expressed in this Limited Offering Memorandum since its date.

IN CONNECTION WITH THIS OFFERING, THE UNDERWRITER MAY OVER-ALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE BONDS AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

SUMMARY STATEMENT

THIS SUMMARY IS SUBJECT IN ALL RESPECTS TO THE MORE COMPLETE INFORMATION IN THE ENTIRE LIMITED OFFERING MEMORANDUM INCLUDING THE COVER PAGE AND APPENDICES HERETO AND THE OFFERING OF THE BONDS TO POTENTIAL INVESTORS IS MADE ONLY BY MEANS OF THE ENTIRE LIMITED OFFERING MEMORANDUM.

Purpose ..................................... Proceeds of the $3,650,000 principal amount of the Hidden Valley Lake Community Services District Sewer System Reassessment District No. 1, Limited Obligation Refunding Improvement Bonds, Series 2016 (the “Bonds”), and certain other moneys are to be used to (a) redeem the Hidden Valley Lake Community Services District Sewer System Assessment District No. 1 Limited Obligation Improvement Bonds, Series 1995-2 currently outstanding the in aggregate principal amount of $3,309,571.56 (the “Prior Bonds”) on March 23, 2016; (b) fund a debt service reserve fund in the amount of $175,000; and (c) pay the costs of issuing the Bonds. See “THE FINANCING PLAN.” The Prior Bonds were issued to acquire and construct a wastewater collection and treatment system within the Hidden Valley Lake Community Services District Sewer System Assessment District No. 1 (the “Assessment District”).

The Reassessment District............................................The Hidden Valley Lake Community Services District Sewer System Reassessment District No. 1 (the “Reassessment District”) is located in the Hidden Valley Lake community which, in turn, is located approximately four miles from the town of Middletown on State Highway 29 in southern Lake County, California. The Reassessment District consists of a total of 1,707 parcels, 1,701 of which are residential parcels. Of the 1,701 residential parcels, 1,355 are developed parcels and 346 are vacant parcels. See “THE DISTRICT AND THE REASSESSMENT DISTRICT.”

Security for the Bonds .......... The Bonds are issued upon and secured by a pledge of revenues received by the District in each Fiscal Year from the collection of annual installments of unpaid reassessments, including penalties and interest and proceeds from the sale of property for delinquent reassessments, on parcels within the Reassessment District, but excluding amounts collected by the District for the payment of administration costs (“Reassessment Revenues”). The unpaid reassessments and interest and any penalties represent fixed liens on the reassessed parcels. They do not, however, constitute a personal indebtedness of the owners of such parcels.

Pursuant to the Refunding Act of 1984 for 1915 Improvement Act Bonds, installments of principal and interest sufficient to meet annual debt service on the Bonds will be billed by the County of Lake (the “County”) to owners of parcels within the Reassessment District against which there are unpaid reassessments (the “Reassessment Installments”). Upon receipt by the District from the County, these Reassessment
Installments are to be deposited into the Redemption Fund, which shall be held by the Fiscal Agent and used to pay the principal of and interest on the Bonds as they become due. The Reassessment Installments are amortized against each parcel to represent pro rata shares of the total principal and interest coming due each year, based on the percentage which the reassessment against that parcel bears to the total reassessments.

The Fiscal Agent will deposit $175,000 from Bond proceeds into a Reserve Fund (the “Reserve Fund”). The Reserve Fund will be a source of available funds to advance to the Redemption Fund in the event of delinquent installments. The District’s obligation to advance funds to the Redemption Fund in the event of delinquent Reassessment Installments is limited to the balance in the Reserve Fund. Pursuant to the Fiscal Agent Agreement, the District has no obligation to replenish the Reserve Fund except to the extent that delinquent Reassessment Installments are paid or proceeds from foreclosure sales are realized. See “SECURITY FOR THE BONDS— Reserve Fund.”

The District covenants with and for the benefit of the Owners of the Bonds that it will commence judicial foreclosure proceedings against properties with delinquent Reassessment Installments in accordance with the terms and provisions of the Fiscal Agent Agreement. See “SECURITY FOR THE BONDS—Covenant to Commence Superior Court Foreclosure.”

Redemption ......................... The Bonds may be called for optional redemption on the Interest Payment Dates and at the redemption prices shown on the table under “THE BONDS—Redemption of Bonds—Optional Redemption,” plus accrued interest to the date of redemption. The Bonds are also subject to redemption on any Interest Payment Date as selected by the District from moneys derived by the District from Reassessment Prepayments, at the redemption prices shown on the table under “THE BONDS—Redemption of Bonds—Mandatory Redemption from Reassessment Prepayments,” plus accrued interest to the date of redemption. The Bonds are also subject to mandatory sinking fund redemption. See “THE BONDS—Redemption of Bonds—Sinking Fund Redemption.”

Assessed Values
Value to Lien Ratios............... The aggregate assessed value of the parcels in the Reassessment District with unpaid assessments, as shown on the Lake County Assessor’s roll for fiscal year 2015-16, is $264,788,587. See “THE DISTRICT AND REASSESSMENT DISTRICT—Assessed Value-to-Lien Ratio.”

Bondowners’ Risks................. Unpaid reassessments do not constitute a personal indebtedness of the owners of the parcels within the District. There is no assurance the owners will be able to pay the Reassessment Installments or that they will pay such installments even though financially able to do so.

Because the District has not obligated itself to advance funds to pay Bond debt service in the event of delinquent Reassessment Installments,
failure by owners of the parcels to pay Reassessment Installments when due, depletion of the Reserve Fund, or the inability of the District to sell parcels which have been subject to foreclosure proceedings for amounts sufficient to cover the delinquent Reassessment Installments levied against such parcels may result in the inability of the District to make full or punctual payments of debt service on the Bonds, and owners of the Bonds would therefore be adversely affected. See “BONDOWNERS’ RISKS.”

Improvement Act of 1913 (Division 12 of the California Streets and Highways Code). The Hidden
Valley Lake Community Services District Sewer System Reassessment District No. 1 Limited Obligation

Each Bond will bear interest from the Interest Payment Date next preceding the date of authentication thereof unless otherwise specified in the Fiscal Agent Agreement. See “APPENDIX B—SUMMARY OF FISCAL AGENT AGREEMENT.”

The total amount of reassessments levied in the Reassessment District is $3,650,000.

In connection with any sinking fund payment redemption, the Fiscal Agent shall select the Bonds to be redeemed by lot.

**Purchase of Bonds.** In lieu of payment at maturity or optional or mandatory redemption, moneys in the Redemption Fund may be used and withdrawn by the Fiscal Agent for purchase of Outstanding Bonds, upon the filing with the Fiscal Agent of an Officer’s Certificate requesting such purchase, at public or private sale as and when, and at such prices (including brokerage and other charges) as such Officer’s Certificate may provide, but in no event may Bonds be purchased at a price in excess of the principal amount thereof, plus interest accrued to the date of purchase.

**Redemption Procedure by Fiscal Agent.** The Fiscal Agent shall cause notice of any redemption to be mailed by first-class mail, postage prepaid, at least 30 days but not more than 60 days prior to the date fixed for redemption, to the Municipal Securities Rulemaking Board’s Electronic Municipal Market Access System and to the respective registered Owners of any Bonds designated for redemption, at their addresses appearing on the Bond registration books maintained by the Fiscal Agent at its Principal Office; but such mailing shall not be a condition precedent to such redemption and failure to mail or to receive any such notice, or any defect therein, shall not affect the validity of the proceedings for the redemption of such Bonds. See “APPENDIX B—SUMMARY OF FISCAL AGENT AGREEMENT.”

**Cost of Issuance Fund**

Moneys in the Cost of Issuance Fund shall be held in trust by the Fiscal Agent and shall be disbursed for the payment or reimbursement of Costs of Issuance. Amounts in the Cost of Issuance Fund shall be disbursed to pay Costs of Issuance, as set forth in a requisition containing respective amounts to be paid to the designated payees, signed by an Authorized Officer and delivered to the Fiscal Agent concurrently with the delivery of the Bonds. The Fiscal Agent shall maintain the Cost of Issuance Fund for a period of 180 days after the Closing Date and shall then transfer and deposit any moneys remaining therein, including any Investment Earnings thereon, to the Redemption Fund for payment of or of the principal of and interest on the Bonds. See “APPENDIX B—SUMMARY OF FISCAL AGENT AGREEMENT.”

**Redemption Fund**

On or before the second Business Day preceding each Interest Payment Date, the Treasurer shall transfer to the Fiscal Agent for deposit in the Redemption Fund an amount of the Reassessment Revenues which the Fiscal Agent has advised the Treasurer will be needed to pay Debt Service on the Bonds on such Interest Payment Date. Upon receipt of each such transfer of Reassessment Revenues, the Fiscal Agent shall deposit such amount thereof in the Redemption Fund for the payment of Debt Service on the Bonds on the Interest Payment Date for which the transfer is made.
On each Interest Payment Date, the Fiscal Agent shall withdraw from the Redemption Fund and pay to the Owners of the Bonds the principal of and interest and any premium then due and payable on the Bonds on the Interest Payment Date. In the event that amounts on deposit in the Redemption Fund are insufficient, the Fiscal Agent shall transfer from the Reserve Fund, to the extent of the availability of any funds, to the Redemption Fund the amount of such insufficiency. If, after such a transfer from the Reserve Fund, there are insufficient funds in the Redemption Fund to make the payments of the principal of, and interest and any premium on the Bond, the Fiscal Agent shall apply the available funds first to the payment of principal of the Bonds, if any, which mature on such Interest Payment Date (the “Maturing Bonds”), second to the payment of the interest on the Maturing Bonds and third to the payment of the interest on the Bonds which do not mature on such Interest Payment Date. If on such Interest Payment Date there are insufficient funds in the Redemption Fund, after such a transfer from the Reserve Fund, to pay the full amount of the principal of all of the Maturing Bonds, a pro rata portion of the principal of each of the Maturing Bonds shall be paid and the portion of the principal of the Maturing Bonds which is not paid and the interest on the Maturing Bonds and the interest on all other Bonds which are then Outstanding which is due but is not paid on such Interest Payment Date shall bear interest at the rates stated in the Bonds, without compounding, until paid. If none of the Bonds mature on such Interest Payment Date, the Fiscal Agent shall apply the available funds to the payment of a pro rata portion of the interest on all of the Outstanding Bonds, to the full amount, and any portion of such interest which is not paid shall bear interest, without compounding, until paid. When funds become available for the payment of the portion of the principal of and interest any on Maturing Bond which was not paid, the Treasurer shall provide notice to the Owner of such Maturing Bond as provided in Section 8776 of the California Streets and Highways Code.

On September 3 of each year, beginning on September 3, 2016, the amount on deposit in the Redemption Fund shall not exceed the greater of (a) one year’s earnings on such amount, or (b) one-twelfth of Annual Debt Service for the then current Bond Year. If on September 3 of any year the amount on deposit in the Redemption Fund exceeds the maximum amount allowable pursuant to the preceding sentence and if on such September 3 the District shall have delivered to the Fiscal Agent an Officer’s Certificate containing the information required below in this paragraph, the excess shall be transferred by the Fiscal Agent as directed by such Officer’s Certificate to the Reserve Fund to the extent that the amount on deposit is less than the Reserve Requirement, and any such excess remaining thereafter shall be paid by the Fiscal Agent to the District as directed by such Officer’s Certificate. An Officer’s Certificate delivered by the District to Fiscal Agent shall specify the dollar amount of the excess and specify the dollar amount of such excess which the Fiscal Agent is to pay to the District.

Reserve Fund

There will be deposited into the Reserve Fund from the proceeds of the sale of the Bonds an amount equal to $175,000. The amount required to be maintained in the Reserve Fund during the term of the Bonds shall be equal to lesser of the amount of $175,000 or an amount equal to 50% of Maximum Annual Debt Service (the “Reserve Requirement”).

Moneys in the Reserve Fund shall be held by the Fiscal Agent for the benefit of the Owners of the Bonds as a reserve for the payment of the principal of and interest and any premium on the Bonds and shall be subject to a lien in favor of the Owners of the Bonds.

Except as otherwise provided in the Fiscal Agent Agreement, all amounts deposited in the Reserve Fund shall be used and withdrawn by the Fiscal Agent solely for the purpose of making transfers to the Redemption Fund in the event of any deficiency at any time in the Redemption Fund of the amount then required for payment of the principal of, and interest and any premium on the Bonds or transfers of
moneys on deposit in the Reserve Fund in excess of the Reserve Requirement, or for the purpose of redeeming Bonds.

Amounts transferred from the Reserve Fund to the Redemption Fund shall be restored by the District so as to cause the balance on deposit in the Reserve Fund to equal the Reserve Requirement from the collection of delinquent installments on the reassessments levied on parcels for which such installments are delinquent, and penalties and interest thereon, whether by judicial foreclosure proceedings or otherwise, as soon as is reasonably possible following the receipt by the District of such delinquent installments, penalties and interest. Whenever transfer is made from the Reserve Fund to the Redemption Fund due to a deficiency in the Redemption Fund, the Fiscal Agent shall report such fact to the District.

Whenever a reassessment levied on a lot or parcel of property within the Reassessment District is paid off, the Fiscal Agent shall, upon receiving an Officer’s Certificate regarding such Reassessment, transfer from the Reserve Fund to the Redemption Fund an amount equal to the reduction in such Reassessment determined pursuant to Section 8881 of the California Streets and Highways Code.

Whenever, on any September 3, the amount in the Reserve Fund, less Investment Earnings resulting from the investment of the funds therein which must be rebated to the United States (the “Rebate Amount”), exceeds the then applicable Reserve Requirement, the Fiscal Agent shall provide written notice to the District of the amount of the excess and shall, subject to the Fiscal Agent Agreement, transfer an amount equal to the excess from the Reserve Fund to the Redemption Fund to be used for the payment of Debt Service on the next succeeding Interest Payment Date. See “APPENDIX B—SUMMARY OF FISCAL AGENT AGREEMENT.”

**Rebate Fund**

The Fiscal Agent shall, in accordance with written directions received from an Authorized Officer, deposit into the Rebate Fund moneys transferred by the District to the Fiscal Agent pursuant to the Rebate Certificate or moneys transferred by the Fiscal Agent from the Reserve Fund. The Rebate Fund shall be held either uninvested or invested only in Federal Securities at the direction of the District. Moneys on deposit in the Rebate Fund shall be applied only to payments made to the United States, to the extent such payments are required by the Rebate Certificate. See “APPENDIX B—SUMMARY OF FISCAL AGENT AGREEMENT.”

**Investments**

Moneys in any fund or account created or established by the Fiscal Agent Agreement and held by the Fiscal Agent shall be invested by the Fiscal Agent in Permitted Investments, as directed pursuant to an Officer’s Certificate filed with the Fiscal Agent at least two Business Days in advance of the making of such investments. In the absence of any such Officer’s Certificate, the Fiscal Agent shall invest any such moneys in units of taxable government money market portfolio comprised of Federal Securities, certain obligations of federal agencies or interest-bearing demand or time deposits in federal or State of California chartered savings and loan associations or banks, all as further described in the Fiscal Agent Agreement. See “APPENDIX B—SUMMARY OF FISCAL AGENT AGREEMENT.”

**Annual Debt Service**

### SECURITY FOR THE BONDS

**General**

The Bonds are issued upon and secured by a pledge of Reassessment Revenues. All the Bonds are secured by the moneys in the Redemption Fund and the Reserve Fund and by the unpaid reassessments levied. Principal of and interest on the Bonds are payable exclusively out of the Redemption Fund.
The payment of the amount of each Reassessment Installment, interest and any penalties and collection costs is secured by a reassessment lien upon the applicable property in the District. Such lien is coequal with the latest lien to secure the payment of general ad valorem property taxes, is not subject to extinguishment by the sale of any property on account of the non-payment of general property taxes, and is prior and superior to all liens, claims, encumbrances and titles other than the liens of reassessments, special taxes and general property taxes. The Reassessment Installments are pledged to secure the payment of the principal of, premium, if any, and interest on the Bonds, and, as received by or otherwise credited to the District, will immediately be subject to the lien of such pledge. Although the unpaid reassessments constitute liens upon the parcels assessed, they do not constitute a personal indebtedness of the owners of said parcels. There can be no assurance as to the financial or legal ability, or the willingness, of such property owners to pay the unpaid reassessments.

The failure of a property owner to pay a Reassessment Installment will not result in an increase in Reassessment Installments applicable to other parcels within the District.

The unpaid Reassessment Installments will be collected in semi-annual installments, together with interest on the declining balances, on the Lake County tax roll on which general taxes on real property are collected, and the unpaid Reassessment Installments are payable and become delinquent at the same time and in the same proportionate amounts and bear the same proportionate penalties and interest after delinquency as do general taxes, and the reassessment parcels are subject to the same provisions for sale and redemption as are properties for nonpayment of general taxes. See also the section below entitled “—Covenant to Commence Superior Court Foreclosure.”

Reserve Fund

The Reserve Fund will be a source of available funds to advance to the Redemption Fund in the event of delinquent Reassessment Installments. See “THE BONDS—Reserve Fund” herein. The District’s obligation to advance funds to the Redemption Fund in the event of delinquent Reassessment Installments is limited to the balance in the Reserve Fund. Pursuant to the Fiscal Agent Agreement, the District has no obligation to replenish the Reserve Fund except to the extent that delinquent Reassessment Installments are paid or proceeds from foreclosure sales are realized. However, the determination by the District not to obligate itself to advance available funds to cure delinquencies will not prevent the District from, in its sole discretion, advancing such funds.

Covenant To Commence Superior Court Foreclosure

The District has covenanted to institute judicial foreclosure in the event of a delinquency and thereafter to prosecute diligently to completion, court foreclosure proceedings upon the lien of any and all delinquent reassessments and interest as described in this section.

Pursuant to Part 14 of Division 10 of the California Streets and Highways Code, as amended, in the event any Reassessment Installment is not paid when due, the District may order the institution of a court action to foreclose the lien of the delinquent unpaid Reassessment Installments. In such an action, the property subject to the unpaid Reassessment Installments may be sold at judicial foreclosure sale. This foreclosure sale procedure is not mandatory. However, the District covenants with and for the benefit of the Owners of the Bonds that it will order, and cause to be commenced, judicial foreclosure proceedings against properties with aggregate delinquent Reassessment Installments in excess of $5,000, and will commence judicial foreclosure proceedings against all properties with delinquent Reassessment Installments in excess of $2,000 by the October 1 following the close of each Fiscal Year in which it receives Reassessment Revenues in an amount which is less than 95% of the total Reassessment
Revenues which were to be received in the Fiscal Year and diligently pursue to completion such foreclosure proceedings; provided, however, that the District may elect to defer the commencement of such foreclosure proceedings with respect to any property so long as (a) the amount on deposit in the Reserve Fund is equal to the Reserve Requirement, and (b) the District is current in the payment of Debt Service.

**Judicial Foreclosure Proceedings.** The Act provides that the court in a foreclosure proceeding has the power to order property securing delinquent Reassessment Installments to be sold for an amount not less than all Reassessment Installments, interest, penalties, costs, fees, and other charges that are delinquent at the time the foreclosure action is ordered, and certain other fees and amounts as provided therein (the “Minimum Price”). The court may also include subsequent delinquent Reassessment Installments and all other delinquent amounts.

The District may, at its discretion, but is not required to, become the purchaser of any property sold in a foreclosure proceeding. If the District becomes the purchaser, it shall pay into the Redemption Fund an amount necessary to satisfy the judgment, less any advances by the District to cover delinquent Reassessment Installments plus simple interest on such net amount, at the interest rates borne by the Bonds, from the dates of delinquency. Unless such property is subsequently resold, the District must transfer to the Redemption Fund any future Reassessment Installments pending redemption. The District may thereupon be reimbursed for any amount advanced from the District to the Redemption Fund to cover such future Reassessment Installments with respect to the property so sold from the proceeds of such sale.

If the property is sold to a purchaser other than the District, the District shall deposit the proceeds from the sale of the property into the Redemption Fund. From such amount, the District shall reimburse the Reserve Fund the amount, if any, of funds advanced from the Reserve Fund to the Redemption Fund to cover the delinquent Reassessment Installments with respect to the property which is sold. After reimbursement of the Reserve Fund, the District may be reimbursed for any other amounts advanced from it to the Redemption Fund to cover delinquent Reassessment Installments and interest with respect to the property sold in such proceedings. Any funds in excess of the amount necessary to reimburse the District may be applied by the District to pay interest and penalties, costs, fees and other charges, to the extent they were included in the sales proceeds.

If the property to be sold fails to sell for the Minimum Price, the District may petition the court to modify the judgment so that the property may be sold at a lesser price or without a Minimum Price. “Minimum Price” as used in the Improvement Bond Act of 1915 (the “1915 Act”) is the amount equal to the delinquent installments of principal or interest of the reassessment or reassessment, together with all interest penalties, costs, fees, charges and other amounts more fully detailed in the 1915 Act. Notice of the hearing on such petition must be given to all Bond owners. In certain circumstances, the court may modify the judgment after the hearing to permit the sale of the property at a price lower than the Minimum Price if the court makes certain determinations, including determinations that the sale at less than the Minimum Price will not result in an ultimate loss to Bond owners or that Bond owners of at least 75% of the principal amount of Bonds outstanding have consented to the petition and certain other circumstances described in the statute exist. Neither the property owner nor any holder of a security interest in the property nor any defendant in the foreclosure action may purchase the property at the foreclosure sale for less than the Minimum Price.

A period of 140 days must elapse after the date notice of levy of the interest in real property is served on the judgment debtor before the sale of such lot or parcel with not more than four dwelling units can be made. However, pursuant to Streets and Highways Code Section 8832, the 140-day period may be shortened to 20 days for undeveloped property. If the judgment debtor fails to redeem, and if the
purchaser at the sale is the judgment creditor (e.g., the District), an action may be commenced by the delinquent property owner within 90 days after the date of sale to set aside such sale. The constitutionality of the repeal of the one-year redemption period has not been tested; and there can be no assurance that, if tested, such legislation will be upheld.

In the event such Superior Court foreclosure or foreclosures are necessary, there may be a delay in payments to Bond owners pending prosecution of the foreclosure proceedings and receipt by the District of the proceeds of the foreclosure sale; it is also possible that no bid for the purchase of the applicable property would be received at the foreclosure sale. See the section herein entitled “BONDOWNERS’ RISKS.”

Covenants With Respect to Arbitrage and Maintenance of Tax Exemption

During the term of the Bonds, the District covenants and agrees that it will make no use of Bond proceeds which, if such use had been reasonably expected at the date the Bonds are issued, would have caused the Bonds to be “arbitrage bonds” within the meaning of the United States Internal Revenue Code of 1986 (the “Code”), and regulations of the Internal Revenue Service authorized thereby, and further will rebate to the United States any amounts actually earned as rebatable arbitrage in accordance with the provisions of the Code and such regulations.

Bonds Create a Lien

The Reassessment Installsments and any interest and penalties thereon constitute a lien against the parcels on which they were imposed until the same is paid. Such lien has priority over all private liens and over all fixed special reassessment liens which may thereafter be created against the property. Such lien is co-equal to and independent of the lien for general and special taxes.

Limited District Obligation Upon Delinquency

The District’s obligation to advance moneys to pay Bond debt service in the event of delinquent Reassessment Installsments is limited to the balance in the Reserve Fund.

Neither the faith and credit nor the taxing power of the District, the State of California or any political subdivision thereof is pledged to the payment of the Bonds.

THE DISTRICT AND THE REASSESSMENT DISTRICT

The District

The Hidden Valley Lake Community Services District was organized and established in 1984 for the primary purpose of enabling the community, through a locally controlled public agency with appropriate powers, to finance the construction of a public wastewater collection and treatment system with the capability of serving the entire subdivision, not just the lake area lots. The perceived need for such a system arose as on-site septic disposal systems began to fail in the golf course area and as Lake County’s requirements for such systems became more difficult and expensive to satisfy. The District retained engineering and legal consultants, undertook studies and proceedings, and confirmed assessments within the Reassessment District on November 14, 1987.

The District is governed by a five member Board of Directors, the members of which are elected by the registered voters within the District. The members of the board serve staggered four year terms.
The Board of Directors elects its own officers and appoints a general manager to manage the operations of the District under the policy direction of the Board of Directors.

The roads within the subdivision are privately owned and maintained by the homeowner’s association which also owns, operates and maintains the recreational facilities including the golf course, the lake facilities and the community clubhouse.

Police services within the area are provided by the Lake County Sheriff. Fire protection services are provided by the South Lake County Fire District which maintains a fire station at Hidden Valley Lake.

Pacific Gas & Electric Company provides electrical service to the area. AT&T is the provider of telephone service.

Primary highway access is State Highway 29 which connects to the south with the Napa Valley and Interstate 80 between Sacramento and San Francisco.

The Reassessment District

The Reassessment District is located within the Hidden Valley Lake community which, in turn, is located approximately four miles from the town of Middletown on State Highway 29 in southern Lake County, California.

The Hidden Valley Lake development is the product of subdivision activity commenced in 1968 by U.S. Land Company and completed in the early 1970s by Boise Cascade. The subdivision includes 11 units with approximately 3,360 lots and an additional 168 rancho parcels of approximately five acres each. The subdivision has long since been sold out, and parcel ownership is greatly diversified.

The centerpieces of the subdivision are a man-made lake of approximately 100 surface acres and a championship 18-hole golf course. Other recreational amenities include a community clubhouse and pool, tennis courts, equestrian facilities, campgrounds, parks and picnic areas, and beach areas and a small boat marina at the lake.

The subdivision is served by private roads and security gates maintained by the homeowner’s association. A water system was constructed with the original subdivision improvements and is designed to serve the entire subdivision with the exception of the 168 acreage parcels. The water system is owned, maintained and operated by the District.

The Reassessment District is comprised of 1,707 parcels located within the Hidden Valley Lake subdivision.

Improvement Project

On February 15, 1990, the District issued $1,456,985.24 aggregate principal amount of Hidden Valley Lake Community Facilities District Limited Obligation Improvement Bonds Sewer System Assessment District No. 1, Series 1990-1 (the “Series 1990 Bonds”) for the benefit of the Assessment District. The proceeds of the Series 1990 Bonds were used by the District to facilitate the preparation of detailed plans and specifications, the acquisition of lands and easements and the initiation of proceedings to acquire certain existing wastewater collection facilities all as needed for the construction of a complete and integrated public wastewater collection, treatment and disposal system for the Assessment District (collectively, the “Improvement Project”). In 1993, the District issued $1,260,000 aggregate principal amount of Bond Anticipation Notes, Series 1993 (the “Series 1993 Notes”), the proceeds of which were
used to finance initial engineering work and other preliminary costs of the Improvement Project. On May 17, 1994, the District issued $8,288,000 aggregate principal amount of Hidden Valley Lake Community Facilities District Improvement Bond Anticipation Notes Sewer System Assessment District No. 1, Series 1994 (the “Series 1994 Notes”). The proceeds of the Series 1994 Notes were used to pay the principal or and interest on the Series 1993 Notes and to finance the construction of the wastewater collection and treatment facilities and related incidental expenses.

On August 16, 1995, the District issued the Prior Bonds the proceeds of which were used to refund the Series 1994 Notes and pay other costs of the Improvement Project and the costs of issuance the Prior Bonds. The proceeds of the Bonds will be applied to currently refund the Prior Bonds, establish a Reserve Fund for the Bonds and pay the costs of issuing the Bonds.

Original Method of Assessment

The original assessment of costs of the Improvement Project was based on household equivalent units (“HEUs”). Vacant parcels and parcels with one single family house are each assessed 1.0 HEU. Duplex parcels are each assessed 1.25 HEU. Fourplex parcels are assessed 2.5 HEUs. The golf course clubhouse is assessed 4.0 HEUs and the several public or quasi-public parcels are each assessed 1.0 HEU.

The Reassessment District is divided into five areas of benefit. The costs of the collection system portion of the Improvement Project are spread based on the costs of construction in each area and the availability or lack thereof of existing collection facilities. The costs of the treatment plant portion of the Improvement Project are spread equally to each HEU throughout the Reassessment District as are the estimated costs of acquisition of lands and easements.

The Golf Course Area HEUs, of which there are 979.75, are each assessed $6,842.00. The 979.75 HEUs include 25 duplex parcels (at 1.25 HEUs each), one fourplex parcel at 2.5 HEUs and the golf course clubhouse at 4 HEUs. The remaining 942 HEU’s represent 942 Assessment Parcels assessed for one HEU each.

The Knoll View Area contains 19 HEUs. This area has an existing sewer collection system available to it.

The Ridge Area contains 185 HEUs, one each for 185 assessment parcels.

The Lake View Area (sewered) has an existing sewer collection system available. This area is assigned 307 HEUs, one for each of 307 assessment parcels.

The Lake View Area (unsewered) is assigned 350 HEUs, one for each of the 350 assessment parcels.

The amounts assessed against the parcels of property to finance the costs and expenses of the work and improvements have been based on the estimated benefits to be derived by the various properties within the Assessment District.

Method of Reassessment

On February 16, 2016, the Board of Directors took proceedings under the Act and confirmed a reassessment, which reassessment and a related diagram were recorded in the office of the District and with the County Recorder of the County of Lake. A notice of reassessment, as prescribed in Section 3114 of the Streets and Highways Code, has been recorded with the County Recorder of the County of Lake,
whereupon the reassessment attached as a lien upon the property assessed within the Reassessment District as provided in Section 3115 of the Streets and Highways Code. A copy of the reassessment diagram for the Reassessment district is attached as Appendix A.

The amounts reassessed against the parcels of property to refinance the costs and expenses of the work and improvements have been computed as a proration of the existing individual unpaid assessment to the total existing unpaid assessment of all parcels.

Refunding Reassessments are to be established under the provisions of the Refunding Act of 1984. The District Board of Directors must determine by resolution that the public interest or necessity require the refunding of the issue bonds, and declare its intention to refund the bonds and to levy reassessments as security for the Bonds.

The Refunding Act directs that a qualified person be retained by the District to prepare a report (the “Reassessment Report”) containing the following:

(a) a schedule setting forth the unpaid principal and interest on the bonds to be refunded and the total amounts thereof;

(b) the total estimated principal amount of the reassessment and of the refunding bonds and the maximum interest rate thereon, together with an estimate of cost of the reassessment and of issuing the refunding bonds, including all costs of issuing the refunding bonds, as defined by subdivision (a) of Section 9600 of the Streets and Highways Code;

(c) the auditor’s record kept pursuant to Section 8682 of the Streets and Highways Code, showing the schedule of principal installments and interest on all unpaid original assessments and the total amounts thereof;

(d) the estimated amount of each reassessment, identified by reassessment number corresponding to the reassessment number on the reassessment diagram, together with a proposed auditor’s record for the reassessment prepared in the manner described in Section 8682 of the Streets and Highways Code; and

(e) a reassessment diagram showing the Reassessment District and the boundaries and dimensions of the subdivisions of land within the Reassessment District. Each subdivision, including each separate condominium interest as defined in Section 783 of the Civil Code, shall be given a separate number upon the diagram.

Assessed Property Values

No Appraisal of Property in the District. The Board of Directors of the District has not commissioned an appraisal of the parcels in the Reassessment District in connection with the issuance of the Bonds. Therefore, the estimated valuation of the parcels in the Reassessment District set forth in this Limited Offering Memorandum are based on the County Assessor’s values. The current market value of the parcels within the Reassessment District may be less than the County Assessor’s values shown in this Limited Offering Memorandum.

Assessed Valuation. The valuation of real property in the Reassessment District is established by the County Assessor. Assessed valuations are reported at 100% of the full value of the property, as defined in Article XIII A of the California Constitution. Article XIII A of the California Constitution defines “full cash value” as the appraised value as of March 1, 1975, plus adjustments not to exceed 2%
per year to reflect inflation, and requires assessment of “full cash value” upon change of ownership or new construction. Accordingly, the gross assessed valuation presented in this Limited Offering Memorandum may not necessarily be representative of the actual market value of certain property in the Reassessment District.

Assessed Value-to-Lien Ratio

**General Information Regarding Assessed Value-to-Burden Ratios.** The assessed value-to-lien ratio on parcels upon which reassessments have been levied will generally vary over the life of the Bonds as a result of changes in the value of the property that is security for the reassessments and the unpaid principal amount of the lien and other overlapping liens. In comparing the aggregate assessed value of the real property within in the Reassessment District and the principal amount of the Bonds, it should be noted that only the real property upon which there is a delinquent reassessment can be foreclosed upon, and the real property within the Reassessment District cannot be foreclosed upon as a whole to pay delinquent reassessment of the owners of such parcels within the Reassessment District unless all of the property is subject to a delinquent reassessment. In any event, individual parcels may be foreclosed upon to pay delinquent installments of the reassessments levied against such parcels. The principal amount of the Bonds is allocated pro-rata among the parcels within the Reassessment District; rather the total reassessment for the Reassessment District according to the unpaid assessments of the Assessment District to create the auditor’s record required by Section 8682 of the Improvement Bond Act of 1915.

Economic and other factors beyond the property owners’ control, such as economic recession, deflation of land values, financial difficulty or bankruptcy by one or more property owners, or the complete or partial destruction of parcels caused by, among other possible events, earthquake, flood, fire or other natural disaster, could cause a reduction in the assessed value within the Reassessment District. See “BONDOWNERS’ RISKS”. See Direct and Overlapping Debt Report below for more information on the Direct and Overlapping Tax and Assessment Debt and Overlapping General Fund Debt. According to the County Assessor’s Office, the aggregate assessed valuation of land and improvements of the 1,707 Reassessment Parcels with unpaid assessments is $264,788,587 for fiscal year 2015-2016.
As shown in table below, the estimated Value to Lien ratio is based on the ratio between the assessed value and the preliminary reassessment.

The table below reflects the respective percentage of the Reassessment lien applicable to the top 10 property owners within the Reassessment District.

### Estimated Direct and Overlapping Indebtedness

Within the Reassessment District’s boundaries are numerous overlapping local agencies providing public services. Some of these local agencies have outstanding bonds which are secured by taxes and assessments on the parcels within the Reassessment District and others have authorized but
unissued bonds which, if issued, will be secured by taxes and assessments levied on parcels within the Reassessment District. The approximate amount of the direct and overlapping debt secured by such taxes and assessment on the parcels within the Reassessment District for fiscal year 2015-16 is shown in the table below (the “Debt Report”).

The Debt Report generally includes long-term obligations sold in the public credit markets by public agencies whose boundaries overlap the boundaries of the Reassessment District in whole or in part. Such long-term obligations are not payable from unpaid Reassessment Installments nor are they necessarily obligations secured by property within the Reassessment District. In many cases, long-term obligations issued by a public agency are payable only from the general fund or other revenues of such public agency.

In addition, other public agencies whose boundaries overlap those of the Reassessment District could, without the consent of the District, and in certain cases without the consent of the owners of the land within the Reassessment District, impose additional taxes or assessment liens on the real property within the Reassessment District in order to finance public improvements or services to be located or furnished inside of or outside of the Reassessment District. The lien created on the real property within the Reassessment District through the levy of such additional taxes or assessments may be on parity with the lien of the Reassessments. The imposition of additional liens on parity with the Reassessments may reduce the ability or willingness of the property owners to pay the Reassessment Installments and increases the possibility that foreclosure proceeds, if any, will not be adequate to pay delinquent Reassessments.

The Debt Report presented in the table below has been derived from data assembled and reported to the District by California Municipal Statistics, Inc and amended by NBS Government Finance Group. The District’s Direct and Overlapping Debt is 40 to 1 to the Total Assessed Value of the District.

BONDOWNERS’ RISKS

General

In order to pay debt service on the Bonds, it is necessary that unpaid Reassessment Installments on land within the District are paid in a timely manner. The Reserve Fund will be used to pay delinquent Reassessment Installments should they occur. The reassessments are a lien on the parcels of land and the District can institute foreclosure proceedings to sell land with delinquent Reassessment Installments for the amount of such delinquent installments in order to obtain funds to pay debt service on the Bonds.

Failure by owners of the parcels to pay Reassessment Installments when due, depletion of the Reserve Fund or the inability of the District to sell parcels which have been subject to foreclosure proceedings for amounts sufficient to cover the delinquent Reassessment Installments for such parcels may result in the inability of the District to make full or punctual payments of debt service on the Bonds, and Bondowners would therefore be adversely affected.

Unpaid Reassessment Installments do not constitute a personal indebtedness of the owners of the parcels within the District. There is no assurance the owners will be able to pay the Reassessment Installments or that they will pay such installments even though financially able to do so.

Delinquency Resulting in Ultimate or Temporary Loss on Bonds

If a temporary deficiency occurs in the Redemption Fund with which to pay Bonds that have then matured, past due interest or the principal and interest on Bonds coming due during the current year, but it does not appear to the Treasurer that there will be an ultimate loss to the Bondowners, the Treasurer shall cause the Fiscal Agent to pay the principal of Bonds which have matured as presented and make interest payments on the Bonds when due, as long as there are available funds in the Redemption Fund, in the order of priority and as required by the Fiscal Agent Agreement. If it appears to the Treasurer that there is a danger of an ultimate loss accruing to the Bondowners for any reason, he or she is required pursuant to the 1915 Act to withhold payment on all matured Bonds and interest on all Bonds and report the facts to the Board of Directors so that the Board of Directors may take proper action to equitably protect all Bondowners. See “APPENDIX B—SUMMARY OF FISCAL AGENT AGREEMENT.”

Non-Cash Payments of Reassessments

The 1915 Act may permit the owner of a parcel that is subject to an unpaid Reassessment Installment to tender any bond secured by such reassessment in payment or partial payment of any installment of the reassessment or interest or penalties thereon which may be due or payable. A bond so tendered is to be accepted at the par amount and credit is to be given for any interest accrued to the date of the tender. Thus, if Bonds can be purchased at a discount, it may be to the advantage of a property owner to pay amounts due with respect to a reassessment by tendering a Bond. Such a practice would decrease the cash flow available to the District to make payments with respect to other Bonds then outstanding.

Limited District Obligation Upon Delinquency

Pursuant to the 1915 Act, the District has elected not to be obligated to advance funds from the treasury of the District for delinquent Reassessment Installments. The only obligation of the District with respect to such delinquencies and the consequent deficiencies in the Redemption Fund is to advance money to the Redemption Fund from the Reserve Fund. The District has no obligation to replenish the Reserve Fund except to the extent that delinquent Reassessment Installments are paid or proceeds from
foreclosure sales are realized. There is no assurance that the balance in the Reserve Fund will always be adequate to pay all delinquent Reassessment Installments and if during the period of delinquency there are insufficient funds in the Reserve Fund, a delay may occur in payments to the Bondowners.

Notwithstanding the limited nature of the District’s obligation, the District may, at its option and in its sole discretion, elect to advance available funds of the District in the amount of any delinquent Reassessment installments to pay debt service on the Bonds. Should the District do so, it is entitled to reimbursement from the first proceeds of any payments of delinquent Reassessment installments or the redemption or sale of delinquent Reassessment Parcels. OWNERS OF BONDS MAY NOT RELY UPON THE DISTRICT TO ADVANCE FUNDS TO PAY DEBT SERVICE ON THE BONDS FOLLOWING DEPLETION OF THE RESERVE FUND EVEN IF THE DISTRICT MAY HAVE PREVIOUSLY DONE SO OR MAY DO SO CONTEMPORANEOUSLY WITH RESPECT TO OTHER BONDS OR OBLIGATIONS.

Property Values

The value of the property within the Reassessment District is a critical factor in determining the investment quality of the Bonds. If a property owner is delinquent in the payment of Reassessment Installments, the District’s only remedy is to commence foreclosure proceedings against the delinquent parcel in an attempt to obtain funds to pay the delinquent Reassessment Installments. Reductions in property values due to a downturn in the economy, physical events such as earthquakes, fires or floods or other events will adversely impact the security underlying the reassessments. See “THE DISTRICT AND THE REASSESSMENT DISTRICT—Assessed Value-to-Lien Ratios” herein.

Prospective purchasers of the Bonds should not assume that the land within the District could be sold for the assessed value at a foreclosure sale for delinquent Reassessment Installments.

No assurance can be given that any bid will be received for a parcel with delinquent Reassessment Installments offered for sale at foreclosure or, if a bid is received, that such bid will be sufficient to pay all delinquent Reassessment Installments. See “SECURITY FOR THE BONDS—Covenant To Commence Superior Court Foreclosure.”

Bankruptcy and Foreclosure

The payment of reassessments and the ability of the District to foreclose the lien of a delinquent unpaid Reassessment Installments, as discussed in the section entitled “SECURITY FOR THE BONDS—Covenant for Superior Court Foreclosure,” may be limited by bankruptcy, insolvency, or other laws generally affecting creditors’ rights or by the law of the State of California relating to judicial foreclosure. In addition, the prosecution of a foreclosure could be delayed due to crowded local court calendars or procedural delays.

The various legal opinions to be delivered concurrently with the delivery of the Bonds (including Bond Counsel’s approving legal opinion) will be qualified as to the enforceability of the various legal instruments by bankruptcy, reorganization, insolvency or other similar laws affecting the rights of creditors generally.

Although bankruptcy proceedings would not cause the reassessments to become extinguished, bankruptcy of a property owner could result in a delay in prosecuting superior court foreclosure proceedings and could result in delinquent Reassessment Installments not being paid in full. Where property is encumbered by liens securing mortgage loans, it is highly probable that bankruptcy of a
property owner would delay foreclosure for an extended period of time. Such a delay would increase the likelihood of a delay or default in payment of the principal and interest on the Bonds.

**FDIC/Federal Government Interests in Properties**

Unless the United States Congress ("Congress") has otherwise provided, if the federal government has a mortgage interest in the parcel and the District wishes to foreclose on the parcel as a result of delinquent Reassessment Installments, the property cannot be sold at a foreclosure sale unless it can be sold for an amount sufficient to pay delinquent taxes and assessments on a parity with the Reassessment Installments and preserve the federal government’s mortgage interest. In *Rust v. Johnson 597 F.2d 174 (9th Cir. 1979)*, the United States Court of Appeal, Ninth Circuit, held that FNMA (Fannie Mae) is a federal instrumentality for purposes of this doctrine, and not a private entity, and that, as a result, an exercise of state power over a mortgage interest held by Fannie Mae constitutes an exercise of state power over property of the United States.

**FDIC.** In the event that any financial institution making any loan which is secured by real property within the Reassessment District is taken over by the FDIC, and prior thereto or thereafter the loan or loans go into default, resulting in ownership of the property by the FDIC, then the ability of the District to collect interest and penalties specified by State law and to foreclose the lien of delinquent unpaid Reassessment Installments may be limited. The FDIC’s policy statement regarding the payment of state and local real property taxes (the “Policy Statement”) provides that property owned by the FDIC is subject to state and local real property taxes only if those taxes are assessed according to the property’s value, and that the FDIC is immune from real property taxes assessed on any basis other than property value. According to the Policy Statement, the FDIC will pay its property tax obligations when they become due and payable and will pay claims for delinquent property taxes as promptly as is consistent with sound business practice and the orderly administration of the institution’s affairs, unless abandonment of the FDIC’s interest in the property is appropriate. The FDIC will pay claims for interest on delinquent property taxes owed at the rate provided under state law, to the extent that the interest payment obligation is secured by a valid lien. The FDIC will not pay any amounts in the nature of fines or penalties and will not pay nor recognize liens for such amounts. If any property taxes (including interest) on FDIC-owned property are secured by a valid lien (in effect before the property became owned by the FDIC), the FDIC will pay those claims.

The Policy Statement further provides that no property of the FDIC is subject to levy, attachment, garnishment, foreclosure or sale without the FDIC’s consent. In addition, the FDIC will not permit a lien or security interest held by the FDIC to be eliminated by foreclosure without the FDIC’s consent. The Policy Statement states that the FDIC generally will not pay non-ad valorem taxes, including special assessments, on property in which it has a fee interest unless the amount of tax is fixed at the time that the FDIC acquires its fee interest in the property, nor will it recognize the validity of any lien to the extent that it purports to secure the payment of any such amounts.

The District is unable to predict what effect the application of the Policy Statement would have in the event of a delinquency in the payment of Reassessment Installments on a parcel within the Reassessment District, if the FDIC has or obtains an interest, although prohibiting the lien of the Reassessment Installments from being foreclosed at a judicial foreclosure sale could reduce or eliminate the number of persons willing to purchase a parcel at a foreclosure sale. Such an outcome could cause a draw on the Reserve Fund and perhaps, ultimately, if enough property were to become owned by the FDIC, a default in the payment on the Bonds.
Fannie Mae or Freddie Mac. If a parcel of taxable property is owned by a federal government entity or federal government-sponsored entity, such as Fannie Mae or Freddie Mac, or a private deed of trust secured by a parcel of taxable property is owned by a federal government entity or federal government-sponsored entity, such as Fannie Mae or Freddie Mac, the ability to foreclose on the parcel or to collect delinquent Reassessment Installments may be limited. Federal courts have held that, based on the supremacy clause of the United States Constitution, in the absence of Congressional intent to the contrary, a state or local agency cannot foreclose to collect delinquent taxes or assessments if foreclosure would impair the federal government interest.

This means that, unless Congress has otherwise provided, if a federal government entity owns a parcel of taxable property but does not pay taxes and assessments levied on the parcel (including Reassessment Installments), the applicable state and local governments cannot foreclose on the parcel to collect the delinquent taxes and assessments. Moreover, unless Congress has otherwise provided, if the federal government has a mortgage interest in the parcel and the District wishes to foreclose on the parcel as a result of delinquent Reassessment Installments, the property cannot be sold at a foreclosure sale unless it can be sold for an amount sufficient to pay delinquent taxes and assessments on a parity with the Reassessment Installments and preserve the federal government’s mortgage interest. No investigation has been made as to whether any governmental entity or government-sponsored entity currently owns or has an interest in any property in the Reassessment District.

Natural Disasters

In 2015 Hidden Valley Lake was recognized as a “Firewise Community” which consequentially saved the Hidden Valley Lake Community from widespread devastation from the 2015 Lake County Fires. To be designed as a Firewise Community, there is a five-step process that were taken to prevent wildfires. More information on Firewise Communities: www.firewise.org

Like many California communities, the Hidden Valley Lake community may be subject to unpredictable seismic activity, fires, flood, or other natural disasters. Seismic activity represents a potential risk for damage to buildings, roads and property within the District. In addition, land susceptible to seismic activity may be subject to liquefaction during the occurrence of such event.

In the event of a severe earthquake, fire, flood or other natural disaster, there may be significant damage to both property and infrastructure in the Reassessment District. As a result, a substantial portion of the property owners may be unable or unwilling to pay the Reassessment Installments when due. In addition, the value of land in the Reassessment District could be diminished in the aftermath of such a natural disaster, reducing the resulting proceeds of foreclosure sales in the event of delinquencies in the payment of the Reassessment Installments.

California Drought

The State of California has enacted water restrictions throughout the State to limit water use by 25% because of severe drought conditions. The District is presently adhering to the Governor’s voluntary reduction of water conservation by 25% and is in compliance with said mandate. Further drought limitations could affect property values within the Reassessment District. Other events which may affect the value of a parcel in the Reassessment District include changes in the law or application of the law. Such changes may include, without limitation, local growth control initiatives, local utility connection moratoriums, and local application of statewide tax and governmental spending limitation measures. There is currently a moratorium on new construction in the District.
Hazardous Substances

While government taxes, reassessments and charges are a common claim against the value of a parcel, other less common claims may also be relevant. The value of a parcel may be reduced as a result of a claim with regard to a hazardous substance. In general, the owners and operators of a parcel may be required by law to remedy conditions relating to releases or threatened releases of hazardous substances. The federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, sometimes referred to as “CERCLA” or the “Super Fund Act,” is the most well-known and widely applicable of these laws, but California laws with regard to hazardous substances are also stringent and similar in effect. Under many of these laws, the owner (or operator) is obligated to remedy a hazardous substance condition of a parcel whether or not the owner (or operator) had anything to do with creating or handling the hazardous substance. Accordingly, the presence of hazardous substances on the property within the District may negatively affect the value of such property.

Loss of Tax Exemption

As discussed under the heading “TAX MATTERS,” interest on the Bonds could cease to be excluded from gross income for purposes of federal income taxation, retroactive to the date the Bonds were issued, as a result of future acts or omissions of the District. In addition, it is possible that future changes in applicable federal tax laws could cause interest on the Bonds to be included in gross income for federal income taxation or could otherwise reduce the equivalent taxable yield of such interest and thereby reduce the value of the Bonds.

Limited Secondary Market

There can be no guarantee that there will be a secondary market for the Bonds or, if a secondary market exists, that such Bonds can be sold for any particular price. Although the District has committed to provide certain statutorily-required financial and operating information, there can be no assurance that such information will be available to Bondowners on a timely basis. The failure to provide the required annual financial information does not give rise to monetary damages but merely an action for specific performance. Occasionally, because of general market conditions, lack of current information, the absence of a credit rating for the Bonds or because of adverse history or economic prospects connected with a particular issue, secondary marketing practices in connection with a particular issue are suspended or terminated. Additionally, prices of issues for which a market is being made will depend upon then prevailing circumstances. Such prices could be substantially different from the original purchase price.

No Acceleration Provision

The Bonds do not contain a provision allowing for the acceleration of the Bonds in the event of a payment default or other default under the terms of the Bonds or the Fiscal Agent Agreement.

Future Debt Issuance

The ability of an owner of land within the District to pay the Reassessment Installments could be affected by the existence of other taxes and reassessments imposed upon taxable parcels. In addition, the District and other public agencies whose boundaries overlap those of the District could impose additional taxes or reassessment liens on the property within the District in order to finance public improvements or services to be located or provided inside of or outside of such area. The lien created on the property within the District through the levy of such additional taxes may be on a parity with the lien of the reassessments levied by the District. See “THE DISTRICT—Estimated Direct and Overlapping Indebtedness.”
The imposition of additional liens on a parity with the Reassessment Installments may reduce the ability or willingness of the landowners to pay the Reassessment Installments and increase the possibility that foreclosure proceeds will not be adequate to pay delinquent Reassessment Installments.

The District does not have control over the ability of other entities and districts to issue indebtedness secured by special taxes’ ad valorem taxes or reassessments payable from all or a portion of the property within the District. In addition the landowners within the District may without the consent or knowledge of the District’ petition other public agencies to issue public indebtedness secured by special taxes’ ad valorem taxes or reassessments. Any such special taxes ad valorem taxes or reassessments may have a lien on such property on a parity with the Reassessment Installments and could reduce the estimated value-to-lien ratios for property within the District described herein.

Ballot Initiatives

From time to time constitutional initiatives or other initiative measures may be adopted by California voters. The adoption of any such initiative might place limitations on the ability of the State, the County or local districts to increase revenues or to increase appropriations, or on the ability of the landowners to complete their developments.

Constitutional Amendment—
Articles IIIC and IIID

An initiative measure commonly referred to as the “Right to Vote on Taxes Act” (the “Initiative”) was approved by the voters of the State of California at the November 5, 1996 general election. The Initiative added Article XIIIC (“Article XIIIC”) and Article XIIID (“Article XIIID”) to the California Constitution. According to the “Title and Summary” of the Initiative prepared by the California Attorney General, the Initiative limits “the authority of local governments to impose taxes and property-related reassessments, fees and charges.”

Article XIIID requires that, beginning July 1, 1997, the proceedings for the levy of any assessment or reassessment by the District under the Act (including, if applicable, any increase in such reassessment or any supplemental reassessment under the Act) must be conducted in conformity with the provisions of Section 4 of Article XIIID.

Article XIIIC removes limitations on the initiative power in matters of local taxes, reassessments, fees and charges. Article XIIIC does not define the term “reassessment”, and it is unclear whether this term is intended to include reassessments levied under the Act. In the case of the unpaid reassessments which are pledged as security for payment of the Bonds, the 1915 Act provides a mandatory, statutory duty of the District and the County Auditor to post Reassessment Installments on account of the unpaid reassessments to the property tax roll of the County each year while any of the Bonds are outstanding, commencing with property tax year 2016/17, in amounts equal to the principal of and interest on the Bonds coming due in the succeeding calendar year plus certain administrative costs. It is unlikely that the initiative power can be used to reduce or repeal the unpaid reassessments which are pledged as security for payment of the Bonds or to otherwise interfere with performance of the mandatory, statutory duty of the District and the County Auditor with respect to the unpaid reassessments which are pledged as security for payment of the Bonds.

The interpretation and application of the Initiative will ultimately be determined by the courts with respect to a number of the matters discussed above, and it is not possible at this time to predict with certainty the outcome of such determination.
LIMITED OFFERING

The Bonds are being offered by the District only to sophisticated investors. Each prospective purchaser of the Bonds is being furnished a copy of this Limited Offering Memorandum, together with any supplements to this Limited Offering Memorandum which may have been prepared. In addition, each prospective purchaser is hereby offered the opportunity, prior to purchasing any Bonds and at any time the Bonds are outstanding, to ask questions of, and receive answers from, the District concerning the terms and conditions of the offering, and to obtain any additional relevant information, to the extent the District possesses the same or can acquire it without unreasonable effort or expense. Each purchaser, by purchasing the Bonds, represents to the District and Municipal Capital Markets Group, Inc. that it has had an opportunity to ask questions of, and has received answers from, and that it has received all information and materials it regards as necessary to evaluate all merits and risks of its investment from, the District.

Because the Bonds are being offered only to sophisticated investors and each purchaser is responsible for assessing the merits and risks of such purchaser’s investment in the Bonds, each purchaser of the Bonds must be able to bear the economic risk of its investment in the Bonds. Each purchaser, by purchasing the Bonds, represents to the District and Municipal Capital Markets Group, Inc. that it has sufficient knowledge and experience in financial and business matters to be able to evaluate the merits and risks of its investment in the Bonds. Moreover, each purchaser, by purchasing the Bonds, agrees with the District and Municipal Capital Markets Group, Inc. that (a) its purchase of the Bonds is for its own account, or as a fiduciary for others, for the purpose of investment and not with a view to distribution or resale; (b) it does not intend to resell the Bonds or grant participations therein; and (c) in the event it does resell the Bonds or grant participations therein, it will comply with all applicable state and federal securities laws. Finally, each purchaser, by purchasing the Bonds, acknowledges to the District and Municipal Capital Markets Group, Inc. that Municipal Capital Markets Group, Inc. is not responsible for any information contained in or omitted from this Limited Offering Memorandum or the materials furnished by the District.

CONCLUDING INFORMATION

Continuing Disclosure

The District has agreed to execute a Continuing Disclosure Agreement (the “Disclosure Agreement”) prior to delivery of the Bonds for the benefit of the Underwriter, holders and beneficial owners of the Bonds to provide certain financial information and operating data relating the District within seven months after the end of the District’s fiscal year (the “Annual Report”) and to provide notices of the occurrence of certain enumerated events (the “Listed Events”). The Annual Reports will be filed on behalf of the District by U.S. Bank National Association (the “Dissemination Agent”) with each Nationally Recognized Municipal Securities Information Repository and the State Repository, if any. Notices of Listed Events will be filed by the Dissemination Agent with the Municipal Securities Rulemaking Board. The specific nature of the information to be included in the Annual Report and the notices of Listed Events is set forth in “APPENDIX E—FORM OF CONTINUING DISCLOSURE AGREEMENT.” The District has agreed to execute the Disclosure Agreement in order to assist the Underwriter in complying with Securities and Exchange Commission Rule 15c2-12(b)(5) (the “Rule”). See “APPENDIX E—FORM OF CONTINUING DISCLOSURE AGREEMENT.”

It should be noted that the District is required to file certain financial statements with the Annual Report. This requirement has been included in the Disclosure Agreement solely to satisfy the provisions of the Rule. The inclusion of this information does not mean that the Bonds are secured by any resources or property of the District other than as described hereinabove. See “BONDOWNERS’ RISKS—Limited District Obligation Upon Delinquency.” It should also be noted that the list of significant events which
the District has agreed to report includes one item which has absolutely no application to the Bonds. These items have been included in the list solely to satisfy the requirements of the Rule.

Between 1995 and 2015, the District has issued bonds and undertaken other borrowings through direct placements with the United States Department of Agriculture and the California Infrastructure and Economic Development Bank without an offering document or underwriter, placement agent or financial advisor. The District did not enter into a continuing disclosure agreement with respect to such bonds and obligations but has provided the required documentation to the United States Department of Agriculture and the California Infrastructure and Economic Development Bank for those issuances. Consequently, the District has not reported to the Securities and Exchange Commission or posted any continuing disclosure material on the Electronic Municipal Market Access website concerning such bonds and obligations. Accordingly, the District has never failed to comply in all material respects with any previous undertakings with regard to the Rule to provide annual reports or notices of material events.

Legal Opinion

All proceedings in connection with the issuance of the Bonds are subject to the approval of Kutak Rock LLP, Los Angeles, California, Bond Counsel (“Bond Counsel”). The opinion of Bond Counsel attesting to the validity of the Bonds will be delivered with each Bond. A form of the opinion to be delivered by Bond Counsel is set forth in Appendix C.

The descriptions of the Bonds and statements of law and legal conclusions set forth in this Limited Offering Memorandum under the heading “THE BONDS,” “SECURITY FOR THE BONDS,” “CONCLUDING INFORMATION—Tax Matters” and Appendices B and C have been reviewed by Bond Counsel. Bond Counsel’s engagement is limited to a review of the legal procedures required for the authorization of the Bonds and the exemption of interest on the Bonds from income taxation. See “Tax Matters” below. The opinion of Bond Counsel will not consider or extend to any documents, agreements, representations, offering circulars or other material of any kind concerning the Bonds, including the Limited Offering Memorandum, not mentioned in this paragraph.

Tax Matters

General Matters. In the opinion of Kutak Rock LLP, Bond Counsel, under existing laws, regulations, rulings and judicial decisions, interest on the Bonds is excludable from gross income for federal income tax purposes and is not a specific preference item for purposes of the federal alternative minimum tax. The opinion described in the preceding sentence assumes the accuracy of certain representations and compliance by the Corporation and the County with covenants designed to satisfy the requirements of the Code that must be met subsequent to the issuance of the Bonds. Failure to comply with such covenants could cause interest on the Bonds to be included in gross income for federal income tax purposes retroactive to the date of issuance of the Bonds. The District has covenanted to comply with such requirements. Bond Counsel has expressed no opinion regarding other federal tax consequences arising with respect to the Bonds.

Notwithstanding Bond Counsel’s opinion that interest on the Bonds is not a specific preference item for purposes of the federal alternative minimum tax, such interest will be included in adjusted current earnings of certain corporations, and such corporations are required to include in the calculation of alternative minimum taxable income 75% of the excess of such corporations’ adjusted current earnings over their alternative minimum taxable income (determined without regard to such adjustment and prior to reduction for certain net operating losses).
The accrual or receipt of interest on the Bonds may otherwise affect the federal income tax liability of the owners of the Bonds. The extent of these other tax consequences will depend on such owner’s particular tax status and other items of income or deduction. Bond Counsel has expressed no opinion regarding any such consequences. Purchasers of the Bonds, particularly purchasers that are corporations (including S corporations and foreign corporations operating branches in the United States of America), property or casualty insurance companies, banks, thrifts or other financial institutions, certain recipients of social security or railroad retirement benefits, taxpayers entitled to claim the earned income credit, taxpayers entitled to claim the refundable credit in Section 36B of the Code for coverage under a qualified health plan or taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax-exempt obligations, should consult their tax advisors as to the tax consequences of purchasing or owning the Bonds.

Bond Counsel is also of the opinion that interest on the Bonds is exempt from State of California personal income taxes. Bond Counsel has expressed no opinion regarding other tax consequences arising with respect to the Bonds under the laws of the State of California or any other state or jurisdiction.

**Original Issue Discount.** The Bonds that have an original yield above their respective interest rates, as shown on the cover of this Limited Offering Memorandum (collectively, the “Discount Bonds”), are being sold at an original issue discount. The difference between the initial public offering prices of such Discount Bonds and their stated amounts to be paid at maturity constitutes original issue discount treated in the same manner for federal income tax purposes as interest, as described above.

The amount of original issue discount that is treated as having accrued with respect to a Discount Bond is added to the cost basis of the owner of the bond in determining, for federal income tax purposes, gain or loss upon disposition of such Discount Bond (including its sale, redemption or payment at maturity). Amounts received upon disposition of such Discount Bond that are attributable to accrued original issue discount will be treated as tax-exempt interest, rather than as taxable gain, for federal income tax purposes.

Original issue discount is treated as compounding semiannually, at a rate determined by reference to the yield to maturity of each individual Discount Bond, on days that are determined by reference to the maturity date of such Discount Bond. The amount treated as original issue discount on such Discount Bond for a particular semiannual accrual period is equal to (a) the product of (i) the yield to maturity for such Discount Bond (determined by compounding at the close of each accrual period) and (ii) the amount that would have been the tax basis of such Discount Bond at the beginning of the particular accrual period if held by the original purchaser, (b) less the amount of any interest payable for such Discount Bond during the accrual period. The tax basis for purposes of the preceding sentence is determined by adding to the initial public offering price on such Discount Bond the sum of the amounts that have been treated as original issue discount for such purposes during all prior periods. If such Discount Bond is sold between semiannual compounding dates, original issue discount that would have been accrued for that semiannual compounding period for federal income tax purposes is to be apportioned in equal amounts among the days in such compounding period.

Owners of Discount Bonds should consult their tax advisors with respect to the determination and treatment of original issue discount accrued as of any date and with respect to the state and local tax consequences of owning a Discount Bond. Subsequent purchasers of Discount Bonds that purchase such bonds for a price that is higher or lower than the “adjusted issue price” of the bonds at the time of purchase should consult their tax advisors as to the effect on the accrual of original issue discount.

**Original Issue Premium.** The Bonds that have an original yield below their respective interest rates, as shown on the cover of this Limited Offering Memorandum (collectively, the “Premium Bonds”),
are being sold at a premium. An amount equal to the excess of the issue price of a Premium Bond over its stated redemption price at maturity constitutes premium on such Premium Bond. A purchaser of a Premium Bond must amortize any premium over such Premium Bond’s term using constant yield principles, based on the purchaser’s yield to maturity (or, in the case of Premium Bonds callable prior to their maturity, generally by amortizing the premium to the call date, based on the purchaser’s yield to the call date and giving effect to any call premium). As premium is amortized, the amount of the amortization offsets a corresponding amount of interest for the period, and the purchaser’s basis in such Premium Bond is reduced by a corresponding amount resulting in an increase in the gain (or decrease in the loss) to be recognized for federal income tax purposes upon a sale or disposition of such Premium Bond prior to its maturity. Even though the purchaser’s basis may be reduced, no federal income tax deduction is allowed. Purchasers of the Premium Bonds should consult their tax advisors with respect to the determination and treatment of premium for federal income tax purposes and with respect to the state and local tax consequences of owning a Premium Bond.

**Bank Qualified.** The Bonds have been designated as “qualified tax exempt obligations” within the meaning of Section 265(b)(3) of the Code and, in the case of certain financial institutions (within the meaning of Section 265(b)(3) of the Code), a deduction is allowed for 80% of that portion of such financial institution’s interest expense allocable to interest on the Bonds.

**Backup Withholding.** As a result of the enactment of the Tax Increase Prevention and Reconciliation Act of 2005, interest on tax-exempt obligations such as the Bonds is subject to information reporting in a manner similar to interest paid on taxable obligations. Backup withholding may be imposed on payments to any owner of the Bonds that fails to provide certain required information including an accurate taxpayer identification number to any person required to collect such information pursuant to Section 6049 of the Code. The reporting requirement does not in and of itself affect or alter the excludability of interest on the Bonds from gross income for federal income tax purposes or any other federal tax consequence of purchasing, holding or selling tax-exempt obligations.

**Changes in Federal and State Tax Law.** From time to time, there are legislative proposals in the Congress and in the states that, if enacted, could alter or amend the federal and state tax matters referred to under this subheading “Tax Matters” or adversely affect the market value of the Bonds. It cannot be predicted whether or in what form any such proposal might be enacted or whether if enacted it would apply to bonds issued prior to enactment. In addition, regulatory actions are from time to time announced or proposed and litigation is threatened or commenced which, if implemented or concluded in a particular manner, could adversely affect the market value of the Bonds. It cannot be predicted whether any such regulatory action will be implemented, how any particular litigation or judicial action will be resolved, or whether the Bonds or the market value thereof would be impacted thereby. Purchasers of the Bonds should consult their tax advisors regarding any pending or proposed legislation, regulatory initiatives or litigation. The opinions expressed by Bond Counsel are based on existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any pending legislation, regulatory initiatives or litigation.

**PROSPECTIVE PURCHASERS OF THE BONDS ARE ADVISED TO CONSULT THEIR OWN TAX ADVISORS PRIOR TO ANY PURCHASE OF THE BONDS AS TO THE IMPACT OF THE CODE UPON THEIR ACQUISITION, HOLDING OR DISPOSITION OF THE BONDS.**

**No Litigation**

There is no action, suit, or proceeding known by the District to be pending at the present time restraining or enjoining the delivery of the Bonds or in any way contesting or affecting the validity of the
Bonds or any proceedings of the District taken with respect to the execution or delivery thereof. A no litigation certificate executed by the District will be required to be delivered to the Underwriter simultaneously with the delivery of the Bonds.

Financial Interests

The fees being paid to the Underwriter, Underwriter’s Counsel and Bond Counsel are contingent upon the issuance and delivery of the Bonds. From time to time, Bond Counsel represents the Underwriter on matters unrelated to the Bonds.

No Rating

The District has not made, and does not contemplate making, any application for a rating on the Bonds. No such rating should be assumed based upon any other City rating that may be obtained. Prospective purchasers of the Bonds are required to make independent determinations as to the credit quality of the Bonds and their appropriateness as an investment.

Underwriting

The Bonds are being purchased by the Municipal Capital Markets Group, Inc. (the “Underwriter”). The Underwriter has agreed to purchase the Bonds at a price of $3,613,215 ($3,650,000 par value, plus net original issue premium of $36,215, less an Underwriter’s discount of $73,000). The Bond Purchase Agreement relating to the Bonds provides that the Underwriter will purchase all of the Bonds if any are purchased, the obligation to make such purchase being subject to certain terms and conditions set forth in the Bond Purchase Agreement, the approval of certain legal matters by counsel and certain other conditions.

The Underwriter may offer and sell Bonds to certain dealers and others at prices lower than the offering prices stated on the cover page hereof. The offering prices may be changed from time to time by the Underwriter.

The Reassessment Revenues (and any available Assessment Revenues) and all moneys deposited into such funds are hereby dedicated in their entirety to the payment of the principal of the Bonds, and interest and any premium on, the Bonds, as provided in the Agreement and in the Refunding Act, until all of the Bonds have been paid and retired or until moneys or Federal Securities have been set aside irrevocably for that purpose.

(b) **Transfers of Reassessment Revenues or Available Assessment Revenues.** On or before the second (2nd) Business Day preceding each Interest Payment Date, the Treasurer shall transfer to the Fiscal Agent for deposit in the Redemption Fund an amount of the Reassessment Revenues (or any available Assessment Revenues) which the Fiscal Agent has advised the Treasurer will be needed to pay Debt Service on the Bonds on such Interest Payment Date. (a) **Deposits.** There is hereby established, as a separate fund to be held by the Fiscal Agent, the “Redemption Fund” to the credit of which deposits shall be made as required by the provisions of the Agreement or the Refunding Act. Moneys in the Redemption Fund shall be held by the Fiscal Agent for the benefit of the Owners of the Bonds, shall be disbursed for the payment of the principal of, and interest and any premium on, the Bonds as provided below, and, pending such disbursement, shall be subject to a lien in favor of the Owners of the Bonds.

(b) **Disbursements.** On each Interest Payment Date, the Fiscal Agent shall withdraw from the Redemption Fund and pay to the Owners of the Bonds the principal of and interest and any premium then due and payable on the Bonds on the Interest Payment Date.

In the event that amounts on deposit in the Redemption Fund are insufficient for the purpose set forth in the preceding paragraph, the Fiscal Agent shall transfer from the Reserve Fund, to the extent of any funds therein, to the Redemption Fund the amount of such insufficiency.

If, after such a transfer from the Reserve Fund, there are insufficient funds in the Redemption Fund to make the payments provided for in the first paragraph of this Section, the Fiscal Agent shall apply the available funds first to the payment of the principal of the Bonds, if any, which mature on such Interest Payment Date (the “Maturing Bonds”), second to the payment of the interest on the Maturing Bonds, and third to the payment or interest on the Bonds which do not mature on such Interest Payment Date. If on such Interest Payment Date there are insufficient funds in the Redemption Fund, after such a transfer from the Reserve Fund, to pay the full amount of the principal of all of the Maturing Bonds, a pro rata portion of the principal of each of the Maturing Bonds shall be paid and the portion of the principal of the Maturing Bonds which is not paid and the interest on the Maturing Bonds and the interest on all other Bonds which are then Outstanding which is due but is not paid on such Interest Payment Date shall bear interest at the
rates stated in the Bonds, without compounding, until paid. If none of the Bonds mature on such Interest Payment Date, the Fiscal Agent shall apply the available funds to the payment of a proportionate portion of the interest on all of the Outstanding Bonds, to the full amount thereof, and any portion of such interest which is not paid shall bear interest, without compounding, until paid. When funds become available for the payment of the portion of the principal of and interest on any Maturing Bond which was not paid, the Treasurer shall provide notice to the Owner of such Maturing Bond as provided in Section 8776 of the Streets and Highways Code of the State of California.

On September 3 of each year, beginning on September 3, 2012, the amount on deposit in the Redemption Fund (except the amount, in any, on deposit in the Reassessment Prepayment Account) shall not exceed the greater of (i) one year’s earnings on such amount, or (ii) one-twelfth of Annual Debt Service for the then current Bond Year. If on September 3 of any year the amount on deposit in the Redemption Fund exceeds the maximum amount allowable pursuant to the preceding sentence and if on such September 3 the District shall have delivered to the Fiscal Agent an Officer’s Certificate containing the information required below in this paragraph, the excess shall be transferred by the Fiscal Agent as directed by such Officer’s Certificate to the Reserve Fund to the extent that the amount on deposit therein is less than the Reserve Requirement, and any such excess remaining thereafter shall be paid by the Fiscal Agent to the District as directed by such Officer’s Certificate. An Officer’s Certificate delivered by the District to the Fiscal Agent pursuant to this paragraph shall specify (A) the amount of such excess; (B) the amount, if any, to be transferred to the Reserve Fund; and (C) the amount to be transferred to the District. Any such amount which may be paid to the District shall be retained by the District and paid to the Fiscal Agent prior to the next Interest Payment Date to pay interest on and principal (if any principal is due on such Interest Payment Date) of the Bonds. Upon receipt of such an Officer’s Certificate, the Fiscal Agent is authorized to act thereon without further inquiry, shall not be responsible for the accuracy of the statements contained therein, and shall be absolutely protected and incur no liability in relying on such Officer’s Certificate.

Amounts in the Redemption Fund shall also be withdrawn and deposited in the Rebate Fund as provided in a specific section of the Agreement.

(c) **Reassessment Prepayment Account.** There is hereby established in the Redemption Fund a separate account designated the “Reassessment Prepayment Account” into which the Fiscal Agent shall deposit all amounts received from the District identified to it as representing Reassessment Prepayments. Upon receipt of any Reassessment Prepayment, the District shall, as soon as is reasonably possible, deliver the amount thereof to the Fiscal Agent for deposit in the Reassessment Prepayment Account. The Fiscal Agent shall apply all amounts deposited in the Reassessment Prepayment Account to the redemption of the Bonds pursuant to another Section of the Agreement. Any amount remaining on deposit in the Reassessment Prepayment Account after such redemption of the Bonds shall be deposited in the Redemption Fund and be disbursed as provided in subsection (b) above.

(d) **Investment.** Moneys in the Redemption Fund shall be invested and deposited in accordance with a specific section of the Agreement. Investment Earnings shall be retained in the Redemption Fund, except to the extent they are required to be deposited by the Fiscal Agent in the Rebate Fund in accordance with a specific section of the Agreement.
(e) **Deficiency.** Upon making a transfer from the Reserve Fund to the Redemption Fund, pursuant to subsection (b) of this Section or another section of the Agreement, the Fiscal Agent shall report such fact to the District. As provided in the form of the Bonds attached hereto as Exhibit A, the Board of Directors has determined in the Resolution of Intention that the District will not obligate itself to advance funds from the City Treasury to cure any deficiency which may occur in the Redemption Fund.

(f) **Determination of Ultimate Loss.** Notwithstanding the provisions of subsection (b) of this Section, if the Treasurer determines, pursuant to Section 8770 of the California Streets and Highways Code, that there is a danger of an ultimate loss accruing to the Bond Owners, for any reason, the provisions of that section and Sections 8771, 8772 and 8773 of the California Streets and Highways Code shall govern with respect to the procedures which shall be followed in paying the principal of and interest on the Outstanding Bonds.

**Reserve Fund**

(a) **Establishment of Fund; Disbursements.** There is hereby established, as a separate fund to be held by the Fiscal Agent, the “Reserve Fund” to the credit of which a deposit shall be made as required by a specific section of the Agreement, which deposit is equal to the Reserve Requirement as of the Closing Date, and to which deposits shall be made as provided in another specific section of the Agreement. Moneys in the Reserve Fund shall be held by the Fiscal Agent for the benefit of the Owners of the Bonds as a reserve for the payment of the principal of and interest and any premium on the Bonds and shall be subject to a lien in favor of the Owners of the Bonds.

(b) **Use of Fund.** Except as otherwise provided in this Section, all amounts deposited in the Reserve Fund shall be used and withdrawn by the Fiscal Agent solely for the purpose of making transfers to the Redemption Fund in the event of any deficiency at any time in the Redemption Fund of the amount then required for payment of the principal of, and interest and any premium on the Bonds, or in accordance with the provisions of subsection (f) of this Section, or for the purpose of redeeming Bonds.

Amounts transferred from the Reserve Fund to the Redemption Fund pursuant to this subsection shall be restored by the District from the collection of delinquent installments on the Assessments levied on parcels for which such installments are delinquent, and penalties and interest thereon, whether by judicial foreclosure proceedings or otherwise, as soon as is reasonably possible following the receipt by the District of such delinquent installments, penalties and interest.

(c) **Transfer Due to Deficiency in Redemption Fund.** Whenever transfer is made from the Reserve Fund to the Redemption Fund due to a deficiency in the Redemption Fund, the Fiscal Agent shall report such fact to the District.

(d) **Transfers on Payment of Reassessments.** Whenever a Reassessment levied on a lot or parcel of property within the Assessment District is paid off, the Fiscal Agent shall, upon receiving an Officer’s Certificate regarding such Assessment, transfer from the Reserve Fund to the Redemption Fund an amount equal to the reduction in such Reassessment determined pursuant to Section 8881 of the California Streets and Highways Code, which amount shall be specified in the Officer’s Certificate. Upon receipt of such an Officer’s Certificate, the Fiscal Agent is authorized to act thereon without further inquiry, shall not be responsible for the

accuracy of the statements contained therein, and shall be absolutely protected and incur no liability in relying on such Officer’s Certificate.

(e) **Transfer of Excess of Reserve Requirement.** Whenever, on any September 3, the amount in the Reserve Fund, less Investment Earnings resulting from the investment of the funds therein which pursuant to a specific section of the Agreement must be rebated to the United States, exceeds the then applicable Reserve Requirement, the Fiscal Agent shall provide written notice to the District of the amount of the excess and shall, subject to the requirements of a specific section of the Agreement, transfer an amount equal to the excess from the Reserve Fund to the Redemption Fund to be used for the payment of Debt Service on the next succeeding Interest Payment Date in accordance with a specific section of the Agreement.

(f) **Transfer When Balance Exceeds Outstanding Bonds.** Whenever the balance in the Reserve Fund exceeds the amount required to redeem or pay the Outstanding Bonds, including interest accrued to the date of payment or redemption and premium, if any, due upon redemption, the Fiscal Agent shall, upon receiving written direction from an Authorized Officer, transfer the amount in the Reserve Fund to the Redemption Fund to be applied, on the next succeeding Interest Payment Date to the payment and redemption, in accordance with specific sections of the Agreement, as applicable, of all of the Outstanding Bonds. In the event that the amount so transferred from the Reserve Fund to the Redemption Fund exceeds the amount required to pay and redeem the Outstanding Bonds, the balance in the Reserve Fund shall be transferred by the Fiscal Agent to the District to be applied as provided in Section 8885 of the Streets and Highways Code of the State of California. Upon receipt of such an Officer’s Certificate, the Fiscal Agent is authorized to act thereon without further inquiry, shall not be responsible for the accuracy of the statements contained therein, and shall be absolutely protected and incur no liability in relying on such Officer’s Certificate.

(g) **Investment.** Moneys in the Reserve Fund shall, except as provided in subsection (d) above, be invested and deposited in accordance with a specific section of the Agreement.

**Other Covenants of the District**

**Punctual Payment.** The District will punctually pay or cause to be paid the principal of and interest and any premium on the Bonds when and as due in strict conformity with the terms of the Agreement and any Supplemental Agreement to the extent that the Reassessment Revenues are available therefor, and it will faithfully observe and perform all of the conditions, covenants and requirements of the Agreement and all Supplemental Agreements and of the Bonds.

**Special Obligation.** The Bonds are special obligations of the District and are payable solely from and secured solely by the Reassessment Revenues and the amounts in the Redemption Fund and the Reserve Fund.

**Extension of Time for Payment.** In order to prevent any accumulation of claims for interest after maturity, the District shall not, directly or indirectly, extend or consent to the extension of the time for the payment of any claim for interest on any of the Bonds and shall not, directly or indirectly, be a party to the approval of any such arrangement by purchasing or funding said claims for interest or in any other manner. In case any such claim for interest shall be extended or funded, whether or not with the consent of the District, such claim for interest so extended or funded shall not be entitled, in case of default hereunder, to the benefits of the Agreement, except subject to the prior payment in full of the principal of all of the Bonds then Outstanding and of all claims for interest which shall not have been so extended or funded.
Against Encumbrances. The District shall not encumber, pledge or place any charge or lien upon any of the Reassessment Revenues or other amounts pledged to the Bonds superior to or on a parity with the pledge and lien created for the benefit of the Bonds, except as permitted by the Agreement.

Protection of Security and Rights of Owners. The District will preserve and protect the security of the Bonds and the rights of the Owners, and will warrant and defend their rights against all claims and demands of all persons. From and after the delivery of any of the Bonds by the District, the Bonds shall be incontestable by the District.

Collection of Reassessment Revenues and Assessment Revenues. The District shall comply with all requirements of the Refunding Act so as to assure the timely collection of the Reassessment Revenues and the Assessment Revenues, including without limitation, the enforcement of the payment or collection of delinquent Reassessments and Assessments.

Further Assurances. The District will adopt, make, execute and deliver any and all such further ordinances, resolutions, instruments and assurances as may be reasonably necessary or proper to carry out the intention or to facilitate the performance of the Agreement, and for better assuring and confirming unto the Owners of the Bonds of the rights and benefits provided in the Agreement.

Tax Covenants. The District hereby covenants that:

(a) It will not take any action or omit to take any action, which action or omission, if reasonably expected on the date of the initial issuance and delivery of the Bonds, would have caused any of the Bonds to be “arbitrage bonds” within the meaning of Section 103(b) and Section 148 of the Code;

(b) It will not take any action or omit to take any action, which action or omission, if reasonably expected on the date of initial issuance and delivery of the Bonds, would result in loss of exclusion from gross income for purposes of federal income taxation under Section 103(a) of the Code of interest paid with respect to the Bonds;

(c) It will not take any action or omit to take any action, which action or omission, if reasonably expected on the date of initial issuance and delivery of the Bonds, would have caused any of the Bonds to be “private activity bonds” within the meaning of Section 141 of the Code;

(d) It will comply with the Tax Certificate as a source of guidance for achieving compliance with the Code; and

(e) In order to maintain the exclusion from gross income for purposes of federal income taxation of interest paid with respect to the Bonds, it will comply with each applicable requirement of Section 103 and Sections 141 through 150 of the Code.

The covenants of the District contained in this Section shall survive the payment, redemption or defeasance of the Bonds. The Fiscal Agent makes no warranties, covenants or representations regarding the current or future tax status of interest on the Bonds.

Covenant To Foreclose. The District covenants with and for the benefit of the Owners of the Bonds that it will order, and cause to be commenced, judicial foreclosure proceedings against properties with aggregate delinquent Reassessment installments in excess of $5,000, and will commence judicial foreclosure proceedings against all properties with delinquent Reassessment installments in excess of $2,000 by the October 1 following the close of each
Fiscal Year in which it receives Reassessment Revenues in an amount which is less than 95% of the total Reassessment Revenues which were to be received in the Fiscal Year and diligently pursue to completion such foreclosure proceedings; provided, however, that the District may elect to defer the commencement of such foreclosure proceedings with respect to any property so long as (a) the amount on deposit in the Reserve Fund is equal to the Reserve Requirement, and (b) the District is current in the payment of Debt Service.

Deposit and Investment of Moneys in Funds

Moneys in any fund or account created or established by the Agreement and held by the Fiscal Agent shall be invested by the Fiscal Agent in Permitted Investments, as directed pursuant to an Officer’s Certificate filed with the Fiscal Agent at least two Business Days in advance of the making of such investments. In the absence of any such Officer’s Certificate, the Fiscal Agent shall invest any such moneys in Permitted Investments described in clause (d) of the definition of Permitted Investments. The Fiscal Agent shall have no obligation to pay additional interest or maximize investment income on any funds held by it. Neither the District nor the Owners of the Bonds shall have any claim of any kind against the Fiscal Agent in connection with investments properly made pursuant to this Section. Obligations purchased as an investment of moneys in any fund or account shall be deemed to be part of such fund or account, subject, however, to the requirements of the Agreement for transfer of Investment Earnings in funds and accounts.

The Fiscal Agent shall be entitled to rely conclusively upon the written instructions of the District directing investments in Permitted Investments as to the fact that each such investment is permitted by the laws of the State, and shall not be required to make further investigation with respect thereto. With respect to any restrictions contained in the definition of Permitted Investments which embody legal conclusions (e.g., the existence, validity and perfection of security interests in collateral), the Fiscal Agent shall be entitled to rely conclusively on an opinion of counsel obtained at the District’s expense.

The Fiscal Agent may act as principal or agent in the acquisition or disposition of any investment. The Fiscal Agent shall not incur any liability for losses arising from any investments made pursuant to this Section. For purposes of determining the amount on deposit in any fund or account held hereunder, all Permitted Investments or investments credited to such fund or account shall be valued at the cost thereof (excluding accrued interest and brokerage commissions, if any).

Investments in any and all funds and accounts may be commingled in a single fund for purposes of making, holding and disposing of investments, notwithstanding provisions for transfer to or holding in or to the credit of particular funds or accounts of amounts received or held by the Fiscal Agent hereunder, provided that the Fiscal Agent shall at all times account for such investments strictly in accordance with the funds and accounts to which they are credited and otherwise as provided in the Agreement.

The Fiscal Agent shall sell or present for redemption any investment security whenever it shall be necessary to provide moneys to meet any required payment, transfer, withdrawal or disbursement from the fund or account to which such investment security is credited, and the Fiscal Agent shall not be liable or responsible for any loss resulting from the acquisition or disposition of any such investment security in accordance herewith.

The District acknowledges that notwithstanding regulations of the Comptroller of the Currency or other applicable regulatory entity may grant the District the right to receive brokerage confirmations of securities transactions as they occur, the District agrees that the Fiscal Agent shall not send such confirmations to the District to the extent permitted by law. The Fiscal Agent shall furnish the District
periodic cash transaction statements which include detail for all investment transactions made by the Fiscal Agent hereunder.

The Fiscal Agent or any of its affiliates may act as sponsor, advisor or manager in connection with any investments made by the Fiscal Agent.

**Rebate Fund; Rebate to the United States**

There is hereby created, to be held by the Fiscal Agent, as a separate fund distinct from all other funds and accounts held by the Fiscal Agent under the Agreement, the Rebate Fund. Pursuant to written direction of the District, the Fiscal Agent shall deposit into the Rebate Fund moneys transferred by the District to the Fiscal Agent pursuant to the Tax Certificate. The Rebate Fund shall be held either uninvested or invested only in Federal Securities at the direction of the District. Moneys on deposit in the Rebate Fund shall be applied only to payments made to the United States, to the extent such payments are required by the Tax Certificate. The Fiscal Agent shall, upon written request and direction of the District, make such payments to the United States. The Fiscal Agent’s sole responsibilities under this Section are to follow the written instructions of the District pertaining hereto and the Fiscal Agent shall have no independent responsibility to monitor or enforce compliance by the District with the Tax Certificate. The District shall be responsible for any fees and expenses incurred by the Fiscal Agent pursuant to this Section.

The Fiscal Agent shall, upon written request and direction from the District, transfer to or upon the order of the District any moneys on deposit in the Rebate Fund in excess of the amount, if any, required to be maintained or held therein in accordance with the Tax Certificate. Upon receipt of such a written request and direction the Fiscal Agent is authorized to act thereon without further inquiry, shall not be responsible for the accuracy thereof, and shall be absolutely protected and incur no liability in relying thereon.

**Appointment of Fiscal Agent**

The Fiscal Agent undertakes to perform such duties, and only such duties, as are specifically set forth in the Agreement, and no implied covenants or obligations shall be read into the Agreement against the Fiscal Agent.

Any financial institution into which the Fiscal Agent may be merged or converted or with which it may be consolidated or any financial institution resulting from any merger, conversion or consolidation to which it shall be a party or any financial institution to which the Fiscal Agent may sell or transfer all or substantially all of its corporate trust business, provided such financial institution shall be eligible under the following paragraph of this Section, shall be the successor to the Fiscal Agent without the execution or filing of any paper or any further act, anything in the Agreement to the contrary notwithstanding.

The District may remove the Fiscal Agent initially appointed, and any successor thereto, and may appoint a successor or successors thereto, but any such successor shall be a financial institution having (or in the case of a corporation or trust company included in a bank holding company system, the related bank holding company shall have) a combined capital (exclusive of borrowed capital) and surplus of at least $50,000,000, and subject to supervision or examination by federal or state authority. If such financial institution publishes a report of condition at least annually, pursuant to law or to the requirements of any supervising or examining authority above referred to, then for the purposes of this Section, the combined capital and surplus of such financial institution shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published.
The Fiscal Agent may at any time resign by giving by giving 30 days’ written notice to the District and by giving to the Owners notice by mail of such resignation. Upon receiving notice of such resignation, the District shall promptly appoint a successor Fiscal Agent by an instrument in writing. Any resignation or removal of the Fiscal Agent shall become effective upon acceptance of appointment by the successor Fiscal Agent.

If no appointment of a successor Fiscal Agent shall be made pursuant to the foregoing provisions of this Section within 45 days after the Fiscal Agent shall have given to the District written notice or after a vacancy in the office of the Fiscal Agent shall have occurred by reason of its inability to act, the Fiscal Agent, at the expense of the District, or any Owner may apply to any court of competent jurisdiction to appoint a successor Fiscal Agent. Said court may thereupon, after such notice, if any, as such court may deem proper, appoint a successor Fiscal Agent.

**Liability of Fiscal Agent**

The recitals of facts, covenants and agreements in the Agreement and in the Bonds contained shall be taken as statements, covenants and agreements of the District and the Fiscal Agent assumes no responsibility for the correctness of the same, nor makes any representations as to the validity or sufficiency of the Agreement or of the Bonds, nor shall the Fiscal Agent incur any responsibility in respect thereof, other than in connection with the duties or obligations in the Agreement or in the Bonds assigned to or imposed upon it. The Fiscal Agent shall not be liable in connection with the performance of its duties hereunder, except for its own negligence or willful misconduct. The Fiscal Agent assumes no responsibility or liability for any information, statement or recital in any offering memorandum or other disclosure material prepared or distributed with respect to the issuance of the Bonds.

In the absence of willful misconduct, the Fiscal Agent may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates, written directions or opinions furnished to the Fiscal Agent and conforming to the requirements of the Agreement. Except as provided above in this paragraph, the Fiscal Agent shall be protected and shall incur no liability in acting or proceeding, or in not acting or not proceeding, in accordance with the terms of the Agreement, upon any resolution, order, notice, request, consent or waiver, certificate, statement, affidavit, or other paper or document which it shall in good faith reasonably believe to be genuine and to have been adopted or signed by the proper person or to have been prepared and furnished pursuant to any provision of the Agreement, and the Fiscal Agent shall not be under any duty to make any investigation or inquiry as to any statements contained or matters referred to in any such instrument.

The Fiscal Agent shall not be liable for any error of judgment made in good faith by a responsible officer of the Fiscal Agent unless it shall be proved that the Fiscal Agent was negligent in ascertaining the pertinent facts.

No provision of the Agreement shall require the Fiscal Agent to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers unless an indemnity and security satisfactory to the Fiscal Agent shall have been provided to the Fiscal Agent.

The Fiscal Agent shall not be responsible for accounting for, or paying to, any party to the Agreement, including, but not limited to the District and the Owners, any returns on or benefit from funds held for payment of unredeemed Bonds or outstanding checks and no calculation of the same shall affect, or result in any offset against, fees due to the Fiscal Agent under the Agreement.
The Fiscal Agent shall have no responsibility with respect to the payment of Debt Service by the District or with respect to the observance or performance by the District of the other conditions, covenants and terms contained in the Agreement, or with respect to the investment of any moneys in any fund or account established, held or maintained by the District pursuant to the Agreement or otherwise.

All indemnification and releases from liability granted to the Fiscal Agent shall extend to the agents, consultants, directors, officers and employees of the Fiscal Agent (including legal counsel). The Fiscal Agent may execute any of its trusts or powers or perform its duties through attorneys, agent or receivers.

Notice to Fiscal Agent

The Fiscal Agent may rely and shall be protected in acting or refraining from acting upon any notice, resolution, request, consent, order, certificate, written direction, report, warrant, bond or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or proper parties. The Fiscal Agent may consult with counsel, who may be counsel to the District, with regard to legal questions, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by the Fiscal Agent hereunder in good faith and in accordance therewith.

Whenever in the administration of its duties under the Agreement the Fiscal Agent shall deem it necessary or desirable that a matter be proved or established prior to taking or suffering any action hereunder, such matter (unless other evidence in respect thereof be specifically prescribed) may, in the absence of willful misconduct on the part of the Fiscal Agent, be deemed to be conclusively proved and established by a certificate of the District, and such certificate shall be full warranty to the Fiscal Agent for any action taken or suffered under the provisions of the Agreement or any Supplemental Agreement upon the faith thereof, but in its discretion the Fiscal Agent may, in lieu thereof, accept other evidence of such matter or may require such additional evidence as to it may seem reasonable.

Books and Accounts

The Fiscal Agent shall keep, or cause to be kept, proper books of record and accounts, separate from all other records and accounts of the Fiscal Agent, in which complete and correct entries shall be made of all transactions made by it with respect to the expenditure of amounts disbursed from the Redemption Fund, the Reserve Fund and the Cost of Issuance Fund. Such books of record and accounts shall, upon reasonable notice, at all times during business hours be subject to the inspection of the District and the Owners of not less than 10% of the aggregate principal amount of the Bonds then Outstanding, or their representatives duly authorized in writing.

Amendment of the Agreement

(a) The Agreement and the rights and obligations of the District and of the Owners of the Bonds may be modified or amended at any time by a Supplemental Agreement pursuant to the affirmative vote at a meeting of the Owners, or with the written consent, without a meeting, of the Owners of at least 60% in aggregate principal amount of the Bonds then Outstanding, exclusive of Bonds disqualified as provided in a specific section of the Agreement. No such modification or amendment shall (i) extend the maturity of any Bond or the time for paying interest thereon, or otherwise alter or impair the obligation of the District to pay the principal of, and the interest and any premium on, any Bond, without the express consent of the Owner of such Bond; (ii) permit the creation of any pledge of or lien upon the Reassessment Revenues, or the moneys on deposit in the Redemption Fund or the Reserve Fund, superior to or on a parity with
the pledge and lien created for the benefit of the Bonds (except as otherwise permitted by the Refunding Act, the laws of the State of California or the Agreement); (iii) reduce the percentage of Bonds required for the amendment of the Agreement; (iv) reduce the principal amount of or redemption premium on any Bond or reduce the interest rate thereon; or (v) modify the rights or obligations of the Fiscal Agent without its prior consent.

(b) The Agreement and the rights and obligations of the District and the Owners may also be modified or amended at any time by a Supplemental Agreement, without the consent of any Owners, only to the extent permitted by law and only for any one or more of the following purposes:

(i) to add to the covenants and agreements of the District in the Agreement contained, other covenants and agreements thereafter to be observed, or to limit or surrender any right or power reserved to or conferred upon the District;

(ii) to make modifications not adversely affecting any Outstanding series of Bonds in any material respect;

(iii) to make such provisions for the purpose of curing any ambiguity, or of curing, correcting or supplemen
ting any defective provisions of the Agreement, or in regard to questions arising under the Agreement, as the District and the Fiscal Agent may deem necessary or desirable and not inconsistent with the Agreement, and which shall not adversely affect the rights of the Owners; or

(iv) to make such additions, deletions or modifications as may be necessary or desirable to assure compliance with Section 148 of the Code relating to required rebate of moneys to the United States or otherwise as may be necessary to assure exclusion from gross income for federal income tax purposes of interest on the Bonds or to conform with the Regulations.

Owners’ Meetings

The District may at any time call a meeting of the Owners. In such event the District is authorized to fix the time and place of any such meeting and to provide for the giving of notice thereof and to fix and adopt rules and regulations for the conduct of the meeting.

Procedure for Amendment
With Written Consent of Owners

The District may at any time enter into a Supplemental Agreement amending the provisions of the Bonds or of the Agreement or any Supplemental Agreement, to the extent that such amendment is permitted by a specific section of the Agreement, to take effect when and as provided in this Section. A copy of the Supplemental Agreement, together with a request to Owners for their consent thereto, shall be mailed by first class mail, postage prepaid, by the District to each Owner of Bonds Outstanding, but failure to mail copies of the Supplemental Agreement and request shall not affect the validity of the Supplemental Agreement when assented to as in this Section provided.

Such a Supplemental Agreement shall not become effective unless there shall be filed with the District the written consents of the Owners of at least 60% in aggregate principal amount of the Bonds then Outstanding (exclusive of Bonds disqualified as provided in a specific section) and a notice shall have been mailed as hereinafter in this Section provided. Each such consent shall be effective only if
accompanied by proof of ownership of the Bonds for which such consent is given, which proof shall be such as is permitted by a specific section of the Agreement. Any such consent shall be binding upon the Owner of the Bonds giving such consent and on any subsequent Owner (whether or not such subsequent Owner has notice thereof) unless such consent is revoked in writing by the Owner giving such consent or a subsequent Owner by filing such revocation with the District prior to the date when the notice hereinafter in this Section provided for has been mailed.

After the Owners of the required percentage of Bonds shall have filed their consents to the Supplemental Agreement, the District shall mail a notice to the Owners in the manner hereinafter provided in this Section for the mailing of the Supplemental Agreement, stating in substance that the Supplemental Agreement has been consented to by the Owners of the required percentage of Bonds and will be effective as provided in this Section (but failure to mail copies of said notice shall not affect the validity of the Supplemental Agreement or consents thereto). Proof of the mailing of such notice shall be filed with the Fiscal Agent. A record, consisting of the papers required by this Section to be filed with the Fiscal Agent, shall be proof of the matters therein stated until the contrary is proved. The Supplemental Agreement shall become effective upon the filing with the Fiscal Agent of the proof of mailing of such notice, and the Supplemental Agreement shall be deemed conclusively binding (except as otherwise hereinafter specifically provided in this Article) upon the District and the Owners of all Bonds then Outstanding at the expiration of 60 days after such filing, except in the event of a final decree of a court of competent jurisdiction setting aside such consent in a legal action or equitable proceeding for such purpose commenced within such 60-day period.

Effect of Supplemental Agreement

From and after the time any Supplemental Agreement becomes effective pursuant to this Article, the Agreement shall be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations under the Agreement of the District and all Owners of Bonds Outstanding shall thereafter be determined, exercised and enforced hereunder subject in all respects to such modifications and amendments, and all the terms and conditions of any such Supplemental Agreement shall be deemed to be part of the terms and conditions of the Agreement for any and all purposes.

Endorsement or Replacement of Bonds Issued After Amendments

The District may determine that Bonds issued and delivered after the effective date of any action taken as provided in this Article shall bear a notation, by endorsement or otherwise, in form approved by the District, as to such action. In that case, upon demand of the Owner of any Bond Outstanding at such effective date and upon presentation of his or her Bond for that purpose at the Principal Office of the Fiscal Agent or at such other office as the Fiscal Agent may select and designate for that purpose, a suitable notation shall be made on such Bond. The District may determine that new Bonds, so modified as in the opinion of the District is necessary to conform to such action, shall be prepared, executed and delivered. In that case, upon demand of the Owner of any Bonds then Outstanding, such new Bonds shall be exchanged at the Principal Office of the Fiscal Agent without cost to any Owner, for like Bonds then Outstanding, upon surrender of such Bonds.

Discharge of Agreement

If the District shall pay and discharge the entire indebtedness on all Bonds in any one or more of the following ways:
(a) by well and truly paying or causing to be paid the principal of and interest and any premium on all Bonds, as and when the same become due and payable;

(b) by depositing with the Fiscal Agent, in trust, at or before maturity, an amount of money which, together with the amounts then on deposit in the Redemption Fund and the Reserve Fund, is fully sufficient to pay all Bonds, including all principal, interest and redemption premiums, if any; or

(c) by irrevocably depositing with the Fiscal Agent, in trust, cash or non-callable Federal Securities in such amount as the District shall determine, as confirmed by an Independent Financial Consultant, will, together with the interest to accrue thereon and amounts then on deposit in the Redemption Fund and Reserve Fund, be fully sufficient to pay and discharge the indebtedness on all Bonds (including all principal, interest and redemption premiums) at or before their respective maturity dates; and if such Bonds are to be redeemed prior to the maturity thereof, notice of such redemption shall have been given as in the Agreement provided or provision satisfactory to the Fiscal Agent shall have been made for the giving of such notice, then, at the election of the District, and notwithstanding that any Bonds shall not have been surrendered for payment, the pledge of the Reassessment Revenues and other funds provided for in the Agreement and all other obligations of the District under the Agreement with respect to all Bonds shall cease and terminate, except the obligation of the District to pay or cause to be paid to the Owners of the Bonds not so surrendered and paid all sums due thereon, the obligation of the District to pay all amounts owing to the Fiscal Agent pursuant to a specific section of the Agreement, and the obligations of the District pursuant to the covenants contained in a specific section of the Agreement regarding the exemption of interest on the Bonds from federal income taxation; and thereafter Reassessment Revenues shall not be payable to the Fiscal Agent. Notice of such election shall be filed with the Fiscal Agent. The satisfaction and discharge of the Agreement shall be without prejudice to the rights of the Fiscal Agent to charge and be reimbursed by the District for the expenses which it shall thereafter incur in connection herewith.

Any funds held by the Fiscal Agent to pay and discharge the indebtedness on all Bonds, upon payment of all fees and expenses of the Fiscal Agent, which are not required for such purpose, shall be paid over to the District.

**Execution of Documents and Proof of Ownership by Owners**

Any request, declaration or other instrument which the Agreement may require or permit to be executed by Owners may be in one or more instruments of similar tenor, and shall be executed by Owners in person or by their attorneys appointed in writing.

Except as otherwise expressly provided, the fact and date of the execution by any Owner or his attorney of such a request, declaration or other instrument, or of a writing appointing such an attorney, may be proved by the certificate of any notary public or other officer authorized to take acknowledgments of deeds to be recorded in the state in which he purports to act, that the person signing such request, declaration or other instrument or writing acknowledged to him the execution thereof, or by an affidavit of a witness of such execution, duly sworn to before such a notary public or other officer.

Except as otherwise expressly provided, the ownership of registered Bonds and the amount, maturity, number and date of holding the same shall be proved by the registration books maintained by the Fiscal Agent pursuant to a specific section of the Agreement.
Any request, declaration or other instrument or writing of the Owner of any Bond shall bind all future Owners of such Bond in respect of anything done or suffered to be done by the District or the Fiscal Agent in good faith and in accordance therewith.

**Payment on Business Day**

In any case where the date of the payment of interest or of principal (and premium, if any) of the Bonds or the date fixed for redemption is other than a Business Day, the payment of interest or principal (and premium, if any) need not be made on such date but may be made on the next succeeding day which is a Business Day with the same force and effect as if made on the date required, and no interest shall accrue for the period from and after such date.

FORM OF LEGAL OPINION

Board of Directors
Hidden Valley Lake Community Services District

Hidden Valley Lake, California 95467

Hidden Valley Lake Community Services District
Sewer System Reassessment District No. 1
Limited Obligation Refunding Improvement Bonds
Series 2016

Ladies and Gentlemen:

In our capacity as bond counsel to the Hidden Valley Lake Community Services District (the “District”), and for purposes of the opinions expressed below, we have examined the record of the proceedings taken for the levy of reassessments and the authorization and issuance of refunding bonds for the District’s Sewer System Reassessment District No. 1 (the “Reassessment District”). The refunding bonds which have been issued for the Reassessment District are designated “Hidden Valley Lake Community Services District Sewer System Reassessment District No. 1 Limited Obligation Refunding Improvement Bonds, Series 2016” (the “Bonds”). The proceedings taken for the levy of reassessments have been conducted pursuant to the Refunding Act of 1984 for bonds issued pursuant to the Improvement Bond Act of 1915, Division 11.5 of the Streets and Highways Code of the State of California (the “Refunding Act”).

The Bonds have been issued pursuant to the Refunding Act, resolutions adopted by the District on October 14, 2015 and February 16, 2016, and the Fiscal Agent Agreement, dated as of March 1, 2016 (the “Fiscal Agent Agreement”), between the District and U.S. Bank National Association, as fiscal agent. The Bonds are issued in fully registered form in the denomination of $100,000 or any integral multiple of $1,000 in excess thereof. The Bonds bear interest from their date to their respective dates of maturity, payable annually beginning September 2, 2016, and thereafter on the second day of September of each year.

As to questions of fact material to our opinion, we have relied upon representations of the District contained in the Fiscal Agent Agreement and in the certified proceedings and other certificates of public officials furnished to us, without undertaking to verify such facts by independent investigation.

Based upon our examination, we are of the opinion that the proceedings with respect to the levy of reassessments on land in the Reassessment District and the issuance of the Bonds have been taken in accordance with the laws and the Constitution of the State of California, and the Bonds, having been duly issued, executed and delivered in the manner provided by law, are regularly issued bonds, are secured by the monies in the Redemption Fund and the Reserve Fund established pursuant to the Fiscal Agent Agreement and by the unpaid reassessments levied on the land within the Reassessment District, and the Bonds and the Fiscal Agent Agreement, having been duly authorized and executed by the proper officials, constitute the legally valid and binding obligations of the District enforceable in accordance with its terms, subject to the qualifications specified below.
The District has covenanted in the Fiscal Agent Agreement to comply with certain requirements of the Internal Revenue Code of 1986, as amended (the “Code”), which must be satisfied for the interest on the Bonds to be and remain excluded from gross income for the purposes of federal income taxation. Noncompliance with such requirements could cause the interest on the Bonds to be included in gross income for purposes of federal income taxation retroactive to the date of issuance of the Bonds.

We are of the opinion that, assuming compliance by the District with the aforementioned covenants, the interest on the Bonds (including original issue discount) is excluded from gross income for purposes of federal income taxation under existing statutes, regulations, rulings and court decisions. We are further of the opinion that the interest on the Bonds (including original issue discount) is exempt from personal income taxes imposed by the State of California under present state income tax laws.

We are further of the opinion that the interest on the Bonds is not a specific preference item for purposes of the alternative minimum tax provisions of the Code. However, such interest received by corporations will be included in adjusted current earnings, a portion of which may increase the alternative minimum taxable income of such corporations.

Because the Bonds have been properly designated as “qualified tax-exempt obligations” within the meaning of Section 265(b)(3) of the Code, in the case of certain banks, thrift institutions or other financial institutions owning the Bonds, a deduction is allowed for 80% of that portion of such institutions' interest expense allocable to interest with respect to the Bonds.

Although the interest on the Bonds is excluded from gross income for purposes of federal income taxation, the accrual or receipt of such interest may otherwise affect the total income tax liability of the recipient. The extent of these tax consequences will depend upon the recipient’s particular tax status or other items of income or deduction. We express no opinion regarding any such tax consequences.

The opinions expressed herein may be affected by actions which may be taken (or not taken) or events which may occur (or not occur) after the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions or events are taken or occur or are not taken or do not occur.

Very truly yours,
APPENDIX D

BOOK-ENTRY-ONLY SYSTEM

The information in this Appendix concerning DTC and DTC’s book-entry only system has been obtained from sources that the District and the Underwriter believe to be reliable, but neither the District nor the Underwriter takes any responsibility for the completeness or accuracy thereof. The following description of the procedures and record keeping with respect to beneficial ownership interests in the Bonds, payment of principal, premium, if any, accreted value, if any, and interest with respect to the Bonds to DTC Participants or Beneficial Owners, confirmation and transfers of beneficial ownership interests in the Bonds and other related transactions by and between DTC, the DTC Participants and the Beneficial Owners is based solely on information provided by DTC.

The Depository Trust Company (“DTC”), New York, NY, will act as securities depository for the Bonds. The Bonds will be executed and delivered as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered bond will be executed and delivered for each annual maturity of the Bonds, each in the aggregate principal amount of such annual maturity, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC is rated “AA+” by Standard & Poor’s. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.
To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Bond documents. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Bonds within a maturity are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Redemption proceeds, distributions, and dividend payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detail information from the Authority or the Trustee, on payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC, the Trustee, or the Authority, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Authority or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Bond Owner shall give notice to elect to have its Bonds purchased or tendered, through its Participant, to the Trustee, and shall effect delivery of such Bond by causing the Direct Participant to transfer the Participant’s interest in the Bonds, on DTC’s records, to the Trustee. The requirement for physical delivery of Bonds in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Bonds are transferred by Direct Participants on DTC’s records and followed by a book-entry credit of tendered Bonds to the Trustee’s DTC account.
DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Authority or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, physical Bonds are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Bonds will be printed and delivered to DTC.

THE PAYING AGENT, AS LONG AS A BOOK-ENTRY ONLY SYSTEM IS USED FOR THE BONDS, WILL SEND ANY NOTICE OF REDEMPTION OR OTHER NOTICES TO OWNERS ONLY TO DTC. ANY FAILURE OF DTC TO ADVISE ANY DTC PARTICIPANT, OR OF ANY DTC PARTICIPANT TO NOTIFY ANY BENEFICIAL OWNER, OF ANY NOTICE AND ITS CONTENT OR EFFECT WILL NOT AFFECT THE VALIDITY OF SUFFICIENCY OF THE PROCEEDINGS RELATING TO THE REDEMPTION OF THE BONDS CALLED FOR REDEMPTION OR OF ANY OTHER ACTION PREMISED ON SUCH NOTICE.

The Dissemination Agent shall have only such duties as are specifically set forth in this Disclosure Agreement and no implied duties or obligation shall be read into this Disclosure Agreement against the Dissemination Agent. The Dissemination Agent has no power to enforce nonperformance on the part of the Issuer. The Dissemination Agent shall be paid compensation by the District for its services provided hereunder in accordance with its schedule of fees provided to the District and all expenses, legal fees and costs of the Dissemination Agent made or incurred by the Dissemination Agent in the performance of its duties hereunder. Section 9. Additional Information. Nothing in this Disclosure Agreement shall be deemed to prevent the District from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Agreement. If the District chooses to include any information in any Annual Report or notice of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the District shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

A default under this Disclosure Agreement shall not be deemed an event of default under the Fiscal Agent Agreement, and the sole remedy under this Disclosure Agreement in the event of any failure of the District or the Dissemination Agent to comply with this Disclosure Agreement shall be an action to compel performance.

Section 11. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the District, the Dissemination Agent, the Participating Underwriter and the Owners and beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity.
